4. Compensation shall be payable for any damage to persons or property or interference with rights or privileges arising from such field firing and artillery practice including expenses reasonably incurred in protecting person, property, rights and privileges. Where any such notice has been given the Collector of 24-Parganas shall constitute a commission consisting of himself as Chairman, a person nominated by the Officer Commanding the forces engaged in such practice and two persons nominated by the district board of 24-Parganas and the commission shall decide all appeals of which notice has been given. I. In the said Rules,—

(a) clause (3) of rule 2 shall be omitted;

"5 (1) For the purposes of this rule, an estate shall be deemed to be in a low production area if, and only if, the crop basis of the estate for the year 1938-39 (excluding the allowance, if any, for low producing area), expressed in terms of pounds per acre of the area planted with tea on the estate on the 31st March, 1933, is less than 456 pounds.

(2) The owner of an estate in a low producing area may, at the time of submitting his application for export quota for any financial year, apply for an addition to crop basis for that year as allowance for low producing area.

(3) The allowance applied for shall be granted only if it is proved to the satisfaction of the Committee that, had such allowance been granted for the previous year, the estate would still have been able to produce an amount of manufactured tea equal to, or in excess of, the total amount of tea in respect of which licences could have been issued under the enhanced export quota.

(4) The allowance to be granted shall be calculated as follows:—

Where the crop basis of the estate calculated as in sub-rule (1) is such number of pounds per acre as is specified in the first column of Schedule IV, the allowance per acre of the area planted with tea on the estate on the 31st March of the Financial year previous to that to which the application relates shall be such number of pounds as is specified in the corresponding entry in the second or third column of that Schedule, according as the estate is, or is not a Darjeeling Hill Garden specified in Schedule III:

Provided that the Committee shall reduce the allowance so calculated by such amount as is necessary to comply with the requirement of sub-rule (3)".

Remittance Facilities for Indigenous Bankers.

No. 7279F.B.—10th September 1940.—Under the new scheme for the extension of remittance facilities in India formulated by the Reserve Bank of India, with the approval of the Central and Provincial Governments, special rates for remittances have been proposed for indigenous bankers who fulfil the conditions prescribed in this behalf by the Reserve Bank in consultation with the Provincial Governments and who are placed on an approved list by the Bank on the recommendation of the Provincial Governments. The following table shows the concession rates for telegraphic transfers, drafts and mail transfers which will be made available to approved indigenous bankers and compares them with those for the general public under the new scheme:—

A. For the General Public.	B. For approved Indigenous Bankers.
I. Up to Rs. 5,000—⅛ per cent. (Minimum exchange for T. Ts. Re. 1 and for Drafts and M. Ts. As. 4).	I. Up to Rs. 5,000—1/16 per cent. (Minimum Re. 1).
II. Over Rs. 5,000—1/16 per cent. (Minimum exchange Rs. 6-4-0).	II. Over Rs. 5,000—1/32 per cent. (Minimum exchange Rs. 3-2-0).

N.B.—Actual telegram charges will be charged in addition in the case of T. Ts. both for indigenous bankers and the general public. Limits to drawings and other details can be had at the Reserve Bank or its agencies on request.

2. The following conditions are prescribed for indigenous bankers who wish to avail themselves of the abovementioned concession rates:—

(*i*) Only those persons and firms will be included in the term indigenous banker who accept deposits and/or discount hundies with Joint Stock or other Banks primarily with a view to making loans and who are placed on the approved list of the Reserve Bank for this purpose. Just as section 277F of the Indian Companies Act allows banks to undertake certain necessary ancillary work there would be no objection to a banker having any other business so long as it is clear that banking is his main business. On the other hand those whose main occupation is something else like agriculture or shopkeeping or trade will not be considered as bankers even though they may accept deposits and lend money as a subsidiary business.

(*ii*) An indigenous banker to be qualified for inclusion in the approved list must have a minimum owned capital of Rs. 50,000.

(*iii*) An approved indigenous banker must conform to any money-lending regulation applicable to him that may be in force in the province.

(*iv*) A banker (*a*) who appears to have ceased to comply with the definition in (*i*) above or (*b*) whose owned capital is known to have fallen below Rs. 50,000 or (*c*) who infringes provincial legislation regulating his transactions in such a way as to make it undesirable in the opinion of the Provincial Government that he should receive the concession, shall be liable to be removed from the approved list.

3. Indigenous Bankers who satisfy the above conditions and who desire to have their names included in the list of bankers to whom the concession rates will be made available, may make an application to the nearest treasury or sub-treasury officer submitting all the necessary particulars in the form attached. The information supplied will be treated as confidential.

AT THE COURT AT BUCKINGHAM PALACE, THE 11TH DAY OF JUNE, 1940.

Present,

The King's Most Excellent Majesty in Council.

Whereas, by reason of a declaration of war against His Majesty by Italy, His Majesty has been compelled to proclaim the existence of a state of war with Italy:

And whereas by an Order in Council dated the 27th day of November, 1939, His Majesty was pleased to direct certain measures to be taken against the commerce of Germany as an act of retaliation against the violations of the laws and customs of war, the rights of neutrals and the obligations of humanity committed by the German Government and recited in the said Order:

And whereas these violations have continued and are evidently part of the settled method of waging war which Germany has adopted:

And whereas Italy by her actions has associated herself with Germany in the present war and has thereby made herself a party to the method of waging war adopted by Germany and will share in any advantages derived therefrom:

And whereas the commerce of Italy will, equally with that of Germany, be employed to further the common cause of the enemies of His Majesty:

And whereas these facts give to His Majesty an unquestionable right to apply to the commerce of Italy measures similar to those taken against that of Germany:

Now, therefore, His Majesty is pleased, by and with the advice of His Privy Council, to order, and it is hereby ordered, as follows:—

Subject to the substitution of the 4th day of June, 1940, for the 4th day of December, 1939, in Articles 1 and 2 thereof, the Order in Council dated the 27th day of November, 1939, shall apply for restricting the commerce of Italy in the same manner as it applies for restricting the commerce of Germany.

(*b*) It shall come into force on such date as the Governor may, by notification in the *Calcutta Gazette*, appoint.

2. In this Act, unless there is anything repugnant in the subject or context.

"District Headquarters" means headquarters of each district in the Province of Bengal.

"Livestock" means all kinds of cattle (*e.g.*, cow, bull, buffalo) horse, dog and other domestic animals including poultry.

"Livestock Expert" means a veterinary doctor with special knowledge in breeding of cattle and poultry.

3. A Veterinary Hospital equipped with all modern appliances and medicines and fittings is to be established as an adjunct to the Veterinary Dispensary already existing in each District Headquarters for accommodating and treating cattle and livestock at such nominal fees as will be accessible to the poor and placed under the Veterinary Department in the Province of Bengal.

4. Attached to the hospital there shall be an annexe where there shall be at least two pedigreed stud bulls for servicing cattle at nominal fees.

5. The officer in charge of the hospital shall be a fully qualified Veterinary Surgeon.

6. The officer in charge of the annexe shall be a qualified livestock expert, who will be subordinate to the officer in charge of the hospital.

STATEMENT OF OBJECTS AND REASONS.

For want of Veterinary Hospitals in many districts poor agriculturists find it difficult to properly treat their cattle. Villagers residing far off from the District Headquarters cannot bring their ailing or diseased cattle to the dispensary regularly for treatment with the result that treatment is neglected and often not undertaken and consequently cattle mortality is on the increase. The provision for maintaining stud bulls as an adjunct to the hospital will remove the long-felt necessity for improving the breed of cattle in the Province. This will also combat the deterioration and degeneration of the breed that is taking place due to mating of imperfect and unhealthy cattle. The services of a livestock expert may also be utilised for touring the mufassal and advise the villagers generally with regard to the improvement of the breed of cattle.

War Risks Insurance Scheme.

5. (1) The Central Government may, by notification in the official Gazette, put into operation a scheme [in this Ordinance referred to as the War Risks (Goods) Insurance Scheme] whereby the Central Government undertakes, in relation to persons carrying on business in British India as sellers of goods, the liabilities of insuring such persons against war risks in respect of goods insurable under this Ordinance which are from time to time owned by such persons in the course of such business.

(2) The War Risks (Goods) Insurance Scheme shall be such as to secure—

(a) that any liability of the Central Government as insurers under the scheme is determined by a policy of insurance issued in the prescribed form and in respect of a period not exceeding the period for the time being prescribed in this behalf, by a person acting on behalf of the Central Government,

(b) that any premium under a policy so issued is payable at such rate as may be prescribed, and

(c) that the amount of any one premium payable under a policy so issued is not less than such sum as may be prescribed in this behalf.

(3) Different forms of policies, different rates of premium and different periods may be prescribed under sub-section (2) in relation to different descriptions of goods and according to the place at which and the circumstances in which the goods insured are situated.

(4) A policy of insurance in respect of any goods insurable under this Ordinance under the War Risks (Goods) Insurance Scheme may be issued to a person carrying on the business of banking who is interested in such goods by reason of any pledge or mortgage or charge, as well as to the person in relation to whom the goods are insurable under this Ordinance.

Employment of agents by Central Government.

6. The Central Government may employ or authorise the employment of any person or firm to act as its agent for any of the purposes of this Ordinance and may pay to persons or firms so employed such remuneration as the Central Government thinks fit:

Provided that no person or firm shall be so employed unless that person or firm is either—

(a) a member of an association prescribed in this behalf, or

Compulsory insurance.

7. (1) No person shall, after such date as may be specified in this behalf by the Central Government by notification in the official Gazette, carry on any business in British India as a seller of goods, unless, in respect of any goods insurable under this Ordinance which are for the time being owned by him in the course of that business, there is in force a policy of insurance against war risks issued in accordance with the War Risks (Goods) Insurance Scheme, whereby he is insured in respect of such goods for a sum not less than the value thereof for the time being:

Provided that nothing in this sub-section shall restrict the carrying on of business as aforesaid by any person, if and so long as the value of all goods insurable under this Ordinance which are for the time being owned by him within one and the same Presidency-town or district in the course of that business does not exceed such amount as may be prescribed in this behalf.

(2) Whoever contravenes the provisions of sub-section (1) shall be punishable with fine which may extend to one thousand rupees and with a further fine which may extend to five hundred rupees for every day after the first on which the contravention continues.

(2) Whoever contravenes the provisions of sub-section (1) shall be punishable with fine which may extend to five thousand rupees and with a further fine which may extend to one thousand rupees for every day after the first on which the contravention continues.

War Risks Insurance Fund.

9. (1) The Central Government shall establish a fund for the purposes of this Ordinance, to be called the War Risks (Goods) Insurance Fund, into which shall be paid all sums received by the Central Government by way of insurance premiums under the War Risks Insurance Scheme, and out of which shall be paid all sums required for the discharge by the Central Government of any of its liabilities under the War Risks Insurance Scheme, or for the payment by the Central Government of the remuneration and expenses of agents employed for the purposes of that scheme.

(2) If, at any time when a payment is to be made out of the said fund, the sum standing to the credit of the fund is less than the sum requird for the making of that payment, an amount equal to the deficiency shall be paid into the fund as an advance out of general revenues.

(3) If at any time, the amount standing to the credit of the fund exceeds the sum which, in the opinion of the Central Government, is likely to be required for the making of payments out of the fund, the excess shall be paid into general revenues.

11. Where goods of any description have been insured by a seller of goods for any period, and before that period has elapsed goods of that description have ceased, by virtue of a notification under sub-section (*4*) of section 3, to be goods insurable under this Ordinance, the person who has insured such goods shall be entitled to a proportionate refund of premium.

Limitation on prosecutions.

12. No prosecution for any offence punishable under this Ordinance shall be instituted against any person except by or with the consent of the Central Government or an authority authorised in this behalf by the Central Government.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 4th September 1940.

Summary.—Excepting heavy showers in places, the rainfall was generally light to moderate. Recent rain has been beneficial to the standing crops and has facilitated transplantation of winter paddy but more rain is still needed in parts of North and West Bengal. Prospect of standing crops on the whole is not very favourable. Harvesting of jute is in brisk progress. The average price of common rice for the province has risen by about 1·08 per cent. as compared with that of the previous week.

NOTICE.

The following regulations have been made by the Calcutta Tramways Co., Ltd., under section 11 of the Calcutta Tramways Act (Act I of 1880) and under section 25, clause 2 of the Bengal Tramways Act (Act III of 1883):—

1. A ticket whether single-journey, transfer, all-day, monthly or season, shall not be used by any person other than the one to whom it has been issued. For the breach of this regulation the ticket in question will be confiscated and a fresh fare for the journey must be paid by the passenger, irrespective of any criminal action that may be brought against him.

2. A ticket, unless otherwise specified, is valid only on the car in which and for the journey or journeys for which it has been issued.

3. The journey for which a single-journey ticket or transfer ticket is issued is indicated as the one for which the ticket has been punched by the conductor.

4. A passenger to whom a transfer ticket has been issued shall change only at the changing station as specified on the ticket and if he is found changing at a place other than the station specified on the ticket or travelling upon any car other than the one first available at the changing station, he shall forfeit the ticket and be liable to pay the prescribed fare from the changing station.

A transfer ticket is one which admits of a journey with a change of cars in the manner specified on such a ticket.

The transfer slip of a transfer ticket shall not be removed by any passenger.

5. One child under five years of age, if carried in the arms of an adult passenger, is permitted to travel free, but if occupying a seat, full fare will be charged. For every additional child under five years of age, even if carried in arms as aforesaid, the full fare shall be charged. For the purpose of judging whether a child is over or under five years of age, the height of the back of a seat in the car will be the criterion, i.e., if the child while standing is above the height it will be considered to be over five years, and in all other cases it will be considered to be under five years of age.

6. The Company may refuse to sell any ticket to a person suffering from a contagious disease, *and a conductor may refuse to allow such a person to travel in tramcars.*

7. The Company will not be responsible for lack of accommodation on account of stoppages of the service due to circumstances beyond their control.

MONTHLY TICKETS.

8. **Application form.**—All intending purchasers of monthly tickets must secure a copy of the application form and hand it over to the booking clerk after filling it up fully and completely. Tickets will be issued on the basis of this application and if any information supplied therein is proved to have been given with the intention of concealing facts or misrepresentation, any ticket which may have been issued will be forfeited without any refund.

9. **Name and title prefixes.**—A purchaser of a monthly ticket shall write his name and address in full and fill in the application form provided for the purpose and sign the same. Signatures of proxies on application forms cannot be accepted except in case of minors where the guardians' signature may be allowed. All names of applicants must be preceded by Mr., Master, Miss, Mrs., as the case may be. In case of minors when tickets are purchased for them either by their guardians or by themselves, they must mention the proper title prefix correctly, failing which the tickets are liable to be confiscated.

10. **Deposit.**—A deposit of annas eight shall be paid with the purchase of a monthly ticket. This deposit which is acknowledged on the ticket is carried forward if the ticket is renewed. The deposit will be refunded when the purchaser discontinues the purchase of a monthly ticket, provided the ticket is returned during office hours at the depot of issue, or at the Head Office, on the last day of the month for which the ticket is available, or the day after. Thereafter the deposit will be forfeited except when the ticket is renewed within the period prescribed by the Company (rule 11). In no case will the deposit be refunded unless the ticket is produced. In cases in which a ticket is lost or stolen the deposit is forfeited.

11. **Period of availability.**—A monthly ticket is valid from the first day or any subsequent date of purchase to the last day of the month for which it is issued. The period of availability is generally extended to the first three working days of the month following unless otherwise notified by the Company, provided the ticket be renewed within that period. A monthly ticket holder intending to purchase a ticket after the date of renewal must make a new application, paying the full cost of the ticket, and a fresh deposit of annas eight.

12. **Limitation of routes.**—A monthly ticket is valid only on the section or sections for which it is issued. A holder of a monthly ticket found travelling on any route not covered by his ticket will be required to purchase a fresh ticket valid for the journey. If a monthly ticket holder is detected using his ticket for travelling in a section for which it is not valid, the ticket is liable to confiscation. The usual fare for the journey will be charged.

13. **Alteration of routes.**—On handing in his previous ticket, a monthly ticket holder may change his route during the month by purchasing a fresh ticket for another section, provided the value of the fresh ticket is not less than the original one. At the time of purchasing the new ticket the value of the surrendered ticket will be refunded to him.

14. **Lost or stolen ticket.**—The Company accept no responsibility or obligation for a lost or stolen ticket nor do they issue a duplicate ticket free of cost. In case of loss or theft, the owner of the ticket should report without delay to the Traffic Manager to prevent its fraudulent use, and should the ticket be traced it will be returned to the owner. Should the monthly ticket holder purchase a new ticket, a proportionate refund may be considered in special cases at the discretion of the Company, provided the original ticket is deposited with the Company.

15. **Defaced or torn ticket.**—A defaced or torn monthly ticket may be replaced within the month for which it is valid on payment of a fee of annas four, provided the number of the ticket and the name of the holder are legible.

16. The Company reserves the right to refuse any application should they decide that circumstances necessitate restrictions upon the issue of monthly tickets.

THURSDAY, SEPTEMBER 19, 1940.

PART IV A

Bills introduced in the Bengal Legislative Assembly; Reports of Select Committees presented or to be presented to that Assembly; and Bills published before introduction in that Assembly.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 4101L.A.—16th September, 1940.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 6th September, 1940, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto:—

THE BENGAL TENANCY (AMENDMENT) BILL, 1940.

A

BILL

to amend the Bengal Tenancy Act (Act VIII of 1885).

WHEREAS it is expedient to amend the Bengal Tenancy Act;

It is hereby enacted as follows:—

1. This Act may be called the Bengal Tenancy Amendment Act, 1940.

2. In section 147 of the Bengal Tenancy Act (Act VIII of 1885) after the word "*raiyat*" in sub-section (*1*) the words "or a tenure-holder" be inserted and after the word "holding" in the said sub-section wherever it occurs the words "or a tenure" be inserted.

3. In sub-section (*2*) of the said section 147 after the word "holding" the words "or a tenure" be inserted.

STATEMENT OF OBJECTS AND REASONS.

By section 147 the landlord is authorised to sue for the recovery of the arrears of rent for one complete agricultural year in respect of the holding only even if the rents are in arrears for more than one year. But there is no reason why this benefit should not be extended to a tenure-holder and hence by this Bill this anomaly is sought to be removed.

NOTIFICATION.

No. 4103L.A.—16th September, 1940.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 6th September, 1940, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto:—

THE BENGAL TENANCY (AMENDMENT) BILL, 1940.

A
BILL

further to amend the Bengal Tenancy Act, 1885.

WHEREAS it is expedient further to amend the Bengal Tenancy Act, 1885, in the manner hereinafter appearing; VIII of 1885.

It is hereby enacted as follows:—

Short title and commencement.

1. (*a*) This Act may be called the Bengal Tenancy (Amendment) Act, 1940.

(*b*) It shall come into force on such date as the Provincial Government may, by notification in the *Official Gazette*, appoint.

Amendment of Section I of Act VIII of 1885.

2. In section 1, sub-section (*3*) (*iv*) of the Bengal Tenancy Act, 1885, after the first paragraph after the letters "1874" the colon shall be omitted and the following words added, namely, "(other than the Jalpaiguri District)."

STATEMENT OF OBJECTS AND REASONS.

The Bengal Tenancy Act, by reason of the existence of clause (*iv*) of sub-section (*3*) of section I of the said Act, is not applicable to the district of Jalpaiguri. The Bengal Tenancy Act was passed in 1885, and after the lapse of more than half a century conditions in the Jalpaiguri district have materially altered. There is no reason, therefore, why the ordinary laws of land-tenure should not be made applicable to these areas. Experience has shown that the absence of such a salutary law as the Bengal Tenancy Act has caused suffering and hardship to the agriculturists in the Western Duars of the Jalpaiguri district. The Bengal Tenancy Act has been made applicable to the permanently-settled portions of the Jalpaiguri district in its entirety and to some other portions of the district in a restricted and modified form. Conditions of tenancy and of agriculturists are uniform throughout the district and there is no reason why there should be differential legislation. This Bill has been introduced to secure uniformity in that respect among the agricultural population inhabiting the area.

NOTIFICATION.

No. 4106L.A.—16th September, 1940.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 6th September, 1940, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto:—

THE BENGAL TENANCY (AMENDMENT) BILL, 1940.

A

BILL

further to amend the Bengal Tenancy Act, 1885.

WHEREAS it is expedient further to amend the Bengal Tenancy Act, 1885, in the manner hereinafter appearing;

It is hereby enacted as follows:—

1. This Act may be called the Bengal Tenancy Amendment Act, 1940.

2. Sections 23 and 25 be omitted.

3. Sections 29, 30, 31A, 31B and 33-37 be omitted.

4. (*a*) In section 31 for the word "enhancement" wherever it occurs the word "reduction" be substituted.

(*b*) Sub-section (*d*) of this section be omitted.

5. (*a*) In section 32, line 1, for the word "enhancement" and in sub-section (*b*) of this section for the word "enhanced" the words "reduction" and "reduced" be respectively substituted.

(*b*) In section 32(*c*), in line 1, after the word "practicable" the words "or equitable" be inserted.

6. (*a*) In section 38, in line 3, after the words "the following grounds" the following words be inserted "or the Provincial Government may invest the Revenue officers to deal with reduction cases on the grounds specified in sub-sections (*b*) and (*d*) of section 38 in areas notified by the Government."

(*b*) In section 38 the following sub-section be inserted after sub-section (*c*):—

"(*d*) On the ground that the existing rate of rent paid by the *raiyats* is substantially higher than the prevailing rate paid by occupancy *raiyats* for land of similar description and with similar advantages in the same village or in neighbouring villages."

7. After section 38 the following section be inserted:—

"38A. The homestead area of the occupancy *raiyats* be exempted from rent and the rent of the holding comprising a homestead be reduced to that extent.

Explanation.—The homestead area will mean and include land occupied by the buildings and the inner and outer courtyard attached thereto and the land immediately appurtenant to the buildings necessary for their enjoyment."

8. (*a*) In section 76, in line 4, after the word "holding" the following words be omitted "and consistent with the purpose for which it was let."

(*b*) In sub-section 3 of this section, in line 4, for the words "his landlord's property" the word "holding" be substituted.

STATEMENT OF OBJECTS AND REASONS.

The Revenue Commission in its report in volume (1), page 174, stated as follows: "The economic difficulties that exist in Bengal to-day are primarily due to the ever-increasing pressure of population on land." In page 86 of the same volume it is stated: "We consider that the pressure of population on land is the ultimate cause of Bengal's economic troubles." Section 23 puts two definite clogs on the use of the occupancy holdings and section 25 is the operative section thereon.

The establishment of *hât,* the erection of a shop, a godown, a mill or a factory render the holdings liable for the penalty provided in this section, *i.e.*, ejectment.

These restrictions are great handicaps in the spread of subsidiary occupation among the vast agricultural population. So it is high time that these restrictions should be removed from the statute book.

The insertion of the words "or equitable" in section 32 (*c*) has been made according to the recommendations of the Revenue Commission in page 139, volume 1, which runs as follows: "We think that when there is a marked fall in the price of agricultural produce it is desirable to compare prices at shorter than 10 years. It has been proposed to remedy this defect by adding the words 'or equitable'."

By the Bengal Tenancy Amendment Act of 1938 the enhancement of rent was suspended for 10 years pending an enquiry by a competent authority to decide whether enhancement of rent could be permanently abolished. The Commission in page 15, vol.1, states as follows "The Court of Directors wrote" it is an object of perpetual settlement that it should secure to the great body of *raiyats* the same equity and certainty as to the amount of their rent and the same undisturbed enjoyment of the fruits of their industry which we mean to give to the Zemindars themselves.

In page 16 of vol. 1 it goes on to say "The intentions of the Permanent Settlement was therefore to confirm the *Khudkhost raiyats* in their existing customary rights and to provide against enhancement beyond pergana rates and against arbitrary exactions." So it is apparent from the above observations that enhancement of occupancy *raiyats'* rent was not contemplated by the Permanent Settlements and hence like *abwabs* or illegal exactions the sooner it goes the better for the country.

Section 38 has been amended in accordance with the recommendations of the Revenue Commission contained in pages 140 & 138 of vol. 1 wherein it says "We recommend that such deductions should be made through the agency of Revenue officers. Section 38 of the Tenancy Act would have to be amended to deal with such cases in areas to be notified by the Government.

We recommend that a new sub-clause should be added in section 38 of the Tenancy Act in order to allow reductions of rent on the ground that the existing rate of rent is substantially higher than the prevailing rate.

From a persual of paragraphs 178, 189 & 197 of the report of the Commission, vol. 1, it appears that the homestead land is exempt from assessment in all the provinces which the Commission visited. So Bengal should not be denied this privilege enjoyed by other provinces uniformly.

"A *hat*" means a place where people assemble some day or days in a week to buy and sell commodities and transact similar business, free of any toll or on payment of some toll to the occupier of the land;

"Bazar or market" means a place where people meet daily to buy or sell commodities or transact similar business and raise *kachha* or *pucca* huts or buildings for shopping, storing and other similar purposes for transaction of business therein.

S. 25, Bengal Tenancy Act, 1885 (Act VIII).

3. The following proviso be added after clause (*b*) of section 25 of the Bengal Tenancy Act, 1885 :—

"Provided that no occupancy-*raiyat* shall be ejected from his holding for holding or establishing any *hat* or bazar or market or marketing place in any portion of his holding."

S. 155, Bengal Tenancy Act, 1885 (Act VIII).

4. The following explanation be added after sub-clause (*b*), clause 1 of section 155 :—

"A misuse or breach in this section does not mean to hold any *hat* or bazar or market in any protion of a holding or rendering the land unfit for the purpose of the tenancy."

STATEMENT OF OBJECTS AND REASONS.

As people in rural areas often suffer for want of proper marketing facilities and as such they are to undergo immense trouble for their daily or weekly transaction of marketing business as well as for storing their agricultural produce and other commodities, it is necessary to give them every facility for the same by making statutory provision.

NOTIFICATION.

No. 4122L.A.—16th September, 1940.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 6th September, 1940, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto:—

THE TRANSFER OF PROPERTY (BENGAL AMENDMENT) BILL, 1940.

A

BILL

to amend the Transfer of Property Act (Act IV of 1882) in its application to Bengal.

WHEREAS it is expedient to amend the Transfer of Property Act (Act IV of 1882) in its application to Bengal in the manner hereinafter appearing; it is hereby enacted as follows :—

1. (*i*) This Act may be called the Transfer of Property (Bengal Amendment) Act, 1940.

(*ii*) It shall come into force on such date as it receives the assent of the Governor.

2. The Transfer of Property Act (Act IV of 1882) hereinafter referred to as the said Act shall in its application to Bengal be amended in the manner hereinafter provided.

3. In section 106 of the said Act after the words "six months' notice" the words "expiring with the end of the year of the tenancy" and after the words "fifteen days' notice" the words "expiring with the end of a month of the tenancy" be omitted and in the said section for the words "six months" and the word "fifteen" the words "one hundred and eighty days" and the word "thirty" be substituted respectively.

STATEMENT OF OBJECTS AND REASONS.

From the experience it has been found that the words expiring with end of a year or of a month of the tenancy have given rise to such technicalities that the litigant public often lose much by the use of such expression in the section without any benefit to either party and it is necessary that such words should be omitted and for the determination of a monthly tenancy the fifteen days is too short a period and hence for the word "fifteen" the word "thirty" has been substituted.

3. Substitute the following for the sub-section (*3*) of the section 6:—

"There shall be no appointment of members in the union boards. One-third of the seats shall be reserved for the minority community. The members of the minority community shall be entitled to compete in the general election also."

4. In sub-section (*4*) of section 6, omit the last portion beginning with the words "or by" in the third line and ending with the words "elected members' in the fifth line, and put a stop after the word "election" in the third line.

19. In section 53 (*2*) omit the last portion of the section beginning with the word "or" and ending with the word "section".

STATEMENT OF OBJECTS AND REASONS.

Some of the existing provisions of the Bengal Village Self-Government Act have been found to check the members of the Union Boards so harshly that it is impossible for them to work for the benefit of the unions and the principle of election has been found not up to the mark of democracy. The object of the Bill is to give the Union Boards free hands in managing their own affairs and to give them more funds for want of which no good work can be taken up by the Union Boards without taxing the poor and over-taxed inhabitants of rural Bengal. And the principle of "Adult suffrage" is introduced in the Bill.

(*2*) After sub-section (*5*) the following new sub-section shall be added, namely :—

Amendment of section 174A.

11. In section 174A of this Act the sub-sections (*1*) and (*2*) shall be omitted and the following new sub-section shall be inserted, namely :—

"(*1*) Where no application is made under sub-section (*1*) of section 174 within one year from the date of sale or where such application is made but not a single instalment has been paid the court or the certificate officer, as the case may be, shall make an order confirming the sale and thereupon the sale shall become absolute.

(*2*) Where an application is made under section 173A or under sub-section (*1*) of section 174 any instalment or instalments have been paid into the court or to the certificate officer within twelve years the court or the certificate officer shall make an order setting aside the sale to the extent of the instalment or instalments so paid :

Provided that if the applicant fails to pay six consecutive instalments he shall be debarred from paying any further instalment unless the court or the certificate officer permits him by an order in writing to make any further deposit of instalments, but the sale shall be set aside to the extent of the instalment or instalments paid before or after such default :

Provided further that the court or the certificate officer shall not direct to make any payment of instalment which may fall due after the expiry of twelve years from the date on which the first instalment falls due."

STATEMENT OF OBJECTS AND REASONS.

Preliminary.—The opinion that real benefit can only be bestowed upon the tillers of the soil of Bengal by extending their rights not only in the political field but in the economic sphere as well is gradually gaining ground. There is no denying of it that chronic economic incapacity of the cultivators is responsible for the fact that the lands are rapidly passing away from their hands and that the cultivators are gradually turning into so many landless agricultural labourers. It has become obvious that the last general amendment of the Bengal Tenancy Act of 1885 made in 1937 has failed to solve the major economic problems of the tenants and there has been a persistent demand for further amendment of the Act for the extension of the rights of the cultivators and for the removal of disabilities from which still they have been suffering. It is with these objects in view that amendments to certain sections of the Bengal Tenancy Act, 1885, and certain additions of sections to the Act have been proposed in this Bill.

Clauses 2 and 3.—The difference between the amount of revenue paid by the zemindars and the amount of rent paid by the tenants is becoming day by day ineqyitous and oppressive. The existing rate of rent cannot but be considered excessively disproportionate when compared with the revenue paid by the zemindars. This is one of the causes of the crushing indebtedness of *raiyats*. General economic conditions of the country also demand that the enhancement of rent should be stopped and the rent of the tenant should be reduced to the level of their economic capacity. Hence, it has been proposed in the Bill to repeal sections 27 to 37 to stop enhancement of rent of occupancy holding and to insert new section 37A to reduce the rent of occupancy tenants by proposing a more equitous method.

Clause 4.—Section 67 to be amended to reduce the excessive rate of interest.

Clause 5.—Section 68 to be amended to relieve the tenants from further economic pressure of damage as the interest proposed in section 67 is considered sufficient.

Clause 6.—Section 88 to be amended to simplify the present complicated procedure and to make a division of tenure or holding or distribution of rent payable in respect thereof an easy one and to abolish heavy mutation fee.

Clause 7.—New section 88A to be added to make it obligatory upon landlords where their number is ten or exceeds ten to appoint a common agent.

Clause 8.—That tenants are in arrears is solely due to their inability to pay the rent accentuated by heavy fall in the price of agricultural products in recent years. Hence, new section 163A to be inserted after section 163 to extend the benefit of section 37A to the tenants in respect of whose occupancy holding an execution proceeding is pending before a court at the commencement of this Act. This section is of temporary nature.

New section 163B to be inserted after section 163A for sale of a portion or portions of the tenure or holding sufficient to meet the amount under decree and to save the tenants from being deprived of the entire tenure or holding whose market price is always more than the amount decreed together with costs of suit and those of execution proceeding. Besides the tenants should not be deprived of their homestead land; hence, provision to this effect has been made in section 163B.

Clause 9.—New sections 173A and 173B to be inserted after section 173 to extend the benefit of sections 174 and 174A to the tenants whose tenure or holding has been sold, confirmed and possession delivered between the first day of January, 1930, and the date of commencement of this Act. These sections are of temporary nature.

Clauses 10 and 11.—Sections 174 and 174A to be amended to give more facilities to judgment-debtor to set aside sale and save his tenancy thereby.

A

BILL

for the prevention of brothels in fairs (melas).

1. (*1*) This Act may be called the Bengal Prevention of Brothels in Fairs (*Melas*) Act, 1940.

(*2*) It extends to the whole of Bengal Presidency except the Calcutta Corporation.

(*3*) It shall come into force on such date or dates as the Local Government may, by notification, direct.

2. In this Act, unless there is anything repugnant to the subject or context,—

(*i*) "Fair" means a place of congregation, during any part of the year, within a specified area, of buyers, sellers, pilgrims, sight-seers and others for trade or business or amusement.

(*ii*) "Owner" means any person who has proprietary right to and is in *khas* possession of the fair (*mela* place) and the person under whose direction the fair (*mela*) sits, and includes *izaradars*, *thikadars*, and persons who have direct or indirect control over the *mela*, either wholly or in part.

3. No owner or any such person, mentioned in section 2, shall let, lease or otherwise dispose of, any portion of the *mela* land or any land within a radius of half a mile of the said land, to any person for brothels or for carrying on prostitution during the period of the fair (*mela*).

4. When any Magistrate in whose jurisdiction the fair (*mela*) sits receives information either written or oral that any house or hut is being used as a brothel or a place for the purpose of prostitution in the land described in section 3, he shall by written order summon the owner or such other person, mentioned in section 2, to appear before him and direct such owner or such other person to discontinue such use of the land immediately.

STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to safeguard the morals of the population of rural Bengal and as a protective measure against the communicating of venereal diseases to the ignorant population of rural Bengal by public prostitutes who almost openly carry on their trade in fairs (*melas*), which are held in rural areas of Bengal, and thereby infect their visitors.

THE BENGAL ADULT EDUCATION BILL, 1940.

WHEREAS it is expedient to educate the illiterate adult millions of the Province of Bengal; it is hereby enacted as follows :—

1. This Act may be called the Bengal Adult Education Bill, 1940.

2. The provisions of this Act shall extend to the whole of Bengal including the city of Calcutta.

3. It shall come into force on such date and in such area of a district or districts or parts of a district or districts as the Local Government may from time to time, by notification in the *Calcutta Gazette*, fix.

4. Every illiterate male adult between the age of 12 and 50, if not physically incapable, must have to learn free reading and writing in any school or elsewhere in any vernacular language or English or more.

5. The Local Authority would make necessary rules and arrangements, give training to the teachers and complete other preliminaries to give effect to this Act.

6. Whoever contravenes any of the provisions of this Act including the guardian in case the ward under him be below 18 years of age shall be fined not exceeding twenty-five rupees or in default to undergo simple imprisonment not exceeding seven days and for continuous offence ten rupees fine for every successive day.

STATEMENT OF OBJECTS AND REASONS.

It is needless to say that our people are wallowing in the quagmire of ignorance and illiteracy and it is disgraceful and unutterably disgraceful that some 95 per cent. of our propulation, nay over some 98 per cent. of our rural population, who are really the backbone of the country, are still illiterate. The evils of ignorance and illiteracy are hundredfold and beyond description which need not be dilated upon. To give effect to such an Act or such an all comprehensive scheme throughout the province was long overdue. So the present Bill is intended to give a minimum amount of learning to the adult illiterate public.

No. 4133L.A.—16th September, 1940.—In pursuance of the provisions of rule 50 of the Bengal Legislative Assembly Procedure Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 6th September, 1940, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto:—

THE BENGAL MARRIAGE DOWRY PROHIBITION BILL, 1940.

A BILL

to prohibit the custom of payment of marriage dowry prevalent in Bengal.

Preamble.

WHEREAS it is expedient to prohibit payments made or agreed to be made as a part of contract of marriage, it is enacted as follows:—

Short title.

1. (*i*) This Act may be called the Bengal Marriage Dowry Prohibition Act of 1940.

(*ii*) It shall come into force as soon as it receives the assent of the Governor-General and Viceroy.

(*iii*) It extends to the whole of Bengal. The provisions of this Act shall apply to Hindus and Moslems of Bengal only.

Definition.

2. In this Act unless there is anything repugnant in the subject or context.

"Dowry" means anything paid or agreed to be paid in cash or in kind to a person betrothed or married or to a parent or any other relation or guardian of such person and *vice versa* in connection with or in consequence of the betrothal or marriage:

Provided that voluntary marriage gifts such as ornaments to brides and dresses to bridegrooms are not within the meaning of this definition:

Provided further that nothing in this Act applies to payments of "Mohar" to brides or other religious obligations enjoined in Hindu or Muhammadan laws.

"Marriage" means a marriage both according to Hindu and Moslem laws.

"Payment" means payments in kind or cash.

3. No person shall offer or accept or make a contract to offer or accept any payment as marriage dowry.

4. Whoever contravenes the provisions of section 3 shall on conviction be punishable with simple imprisonment which may extend to six months or with fines which may extend to five hundred rupees or with both:

Provided that no woman shall be sentenced to imprisonment.

6. An offence under section 3 or section 4 of this Act shall be a cognizable offence to be tried by a First Class Magistrate.

An appeal shall lie to the Sessions Judge or the High Court as the case may be from all orders of conviction under this Act.

7. The Provincial Government may make rules for the purpose of carrying into effect the provisions of this Act.

STATEMENT OF OBJECTS AND REASONS.

The aims and objects of this Bill are well known to the public of Bengal and specially to the members of this House. It is sufficient to say that the present dowry system of Bengal ruined and have been still ruining many flourishing Hindu families. Recently, it has begun to attack the well-to-do families of the Moslem community and time is not far off when its infectious germs will enter into the bones of the poorer section and thus shall complete the annihilation of the poor Moslem community of Bengal, Hindu parents might have some justification in the past to provide their daughters with due shares of their earnings in the honest and *bonâ fide* belief that after their deaths their daughters would not inherit their properties and treatment of their sons towards their sisters might not be what common custom of humanity demands. But Muhammadan parents have no justification whatsoever to yield any concession to their sons-in-laws who are entitled to enjoy the properties of their wives who inherit the properties of their parents.

Islam has allowed highest respect and status for women—the mother sex, but the vicious attack of this dowry system has began to lower that value; so it is religious obligations of the Moslem legislators to support this Bill and thus help to abolish this dowry system.

Punishment for solemnising a marriage in contravention of section 2.

4. Whoever performs, conducts or directs any marriage in contravention of the provision of section 2 shall be punishable with simple imprisonment which may extend to three months or with fine which may extend to five hundred rupees, or with both.

Cognisance of offence.

6. No court inferior to that of a Presidency Magistrate or a Magistrate of the first class shall try any offence punishable under this Act.

Injunction to restrain contemplated marriage.

7. A Magistrate competent to try any offence punishable under this Act may, on receiving information that a marriage is going to be celebrated in contravention of the provision of section 2, by an injunction, stop such marriage until the decision of the case.

STATEMENT OF OBJECTS AND REASONS.

The Hindu Widows' Remarriage Act, XV of 1856, has been on the statute book for 84 years. But the number of widow remarriages among the Hindus during this long period has been very small. According to the census figures for 1931 there are more than a crore of females among the Hindus in Bengal, of whom nearly 24 lakhs, i.e., more than ·20 per cent. are widows. The number of widows between the ages of 5 and 25 about 3 lakhs. It is, therefore, absolutely necessary that more effective steps should be taken so that the number of widow remarriages may increase. The number of widowers in Bengal is more than 5 lakhs. It may be safely assumed that half of them will marry again. If it is provided that a widower, whenever he will marry again, should marry a widow, all the widows between the ages of 5 and 25 may get themselves remarried. This, it is hoped, may solve the problem of widow remarriages in Bengal to some extent. The present Bill has been framed with this object in view.

(*2*) It shall come into force on such date as the Provincial Government may, by notification in the *Official Gazette*, appoint, but not later than one month from the date of the Governor's assent.

Definition.

2. For the purposes of this Act, the following words have the meanings set against them, unless anything repugnant to those meanings is contained in the provisions of the Act:—

(*a*) The word "Bengalee" means and includes any person who is a native of Bengal or has adopted Bengal as his or her motherland.

All offences under this Act shall be triable by a Magistrate of the First Class who may take cognisance of the offence either out of his own motion or upon the complaint of an aggrieved person or any other Bengalee Hindu who resides at the place where any of the two contracting parties of the marriage resides.

STATEMENT OF OBJECTS AND REASONS.

It is common knowledge that the marriage *dowry* system prevailing amongst the Bengalee Hindus has been a long standing curse to the Hindu Society of Bengal and has been responsible for the self-immolution of many girls and the financial ruination of innumerable Hindu families of Bengal.

As it is the considered opinion of almost every Hindu family of Bengal that this vice should be eradicated without unreasonable delay and as it has been found impossible to eradicate this vice without state-help, this Bill has been brought.

THE BENGAL RENT REDUCTION (TEMPORARY PROVISIONS) BILL, 1940.

A
BILL

to provide for the reduction of excessive rents prevailing in agricultural areas comprised in permanently-settled and revenue-free estates in Bengal.

WHEREAS it is expedient pending the enactment of further legislation to reduce excessive rents payable by tenants and also to fix the maximum rates of rents payable by *raiyats* and under-*raiyats* in the permanently-settled and revenue-free estates in Bengal.

It is hereby enacted as follows:—

1. (*1*) This Act may be called the Bengal Rent Reduction (Temporary Provisions) Act, 1940.

(*2*) It extends to permanently-settled and revenue-free estates in Bengal, but shall not apply to Government estates and non-agricultural areas comprised in any estate.

(*3*) It shall come into force on such date as the Provincial Government may by notification in the official Gazette appoint and shall continue in force for 20 years from the date of its commencement.

2. In this Act unless there is anything repugnant in the subject or context the expressions holding, *raiyat*, under-*raiyat*, rent, tenant, estate, tenure, under-tenure, proprietor, landlord, and permanent settlement, have the same meanings as in the Bengal Tenancy Act.

3. Notwithstanding any contract to the contrary between the parties in any area to which this Act, applies, the rate of annual rent payable by a *raiyat* shall not exceed three rupees per acre :

Provided that if in any estate the average rate of revenue per acre is found to be two rupees or more, the rate of annual rent payable by a *raiyat* may be more, but shall not exceed by more than fifty per cent. the average rate of revenue in that estate.

4. Notwithstanding any contract to the contrary between the parties the rent payable for a holding by an under-*raiyat* to the *raiyat* who is his immediate landlord, shall not exceed, by more than fifty per cent., the rent payable by the *raiyat* to his immediate landlord in respect of the land comprised in the under-*raiyati* holding.

5. Notwithstanding any contract to the contrary between the parties the rent payable for a holding by an under-*raiyat* of the second or a still lower grade to his immediate landlord shall not exceed, by more than ten per cent., the rent payable by his immediate landlord in respect of the land comprised in such under-*raiyati* holding of the second or a still lower grade.

6. Notwithstanding any contract to the contrary between the parties, the rent payable by the tenure-holder or by the under-tenure-holder of any grade to his immediate landlord will be reduced in proportion to the reduction, if any, made in the rent payable by the *raiyat* in that tenure.

The Bengal Rent Reduction (Temporary Provision) Bill, 1940.

(Clauses 7—10.)

7. After the commencement of this Act, the court, on an application made for reducing rent in accordance with the provisions of this Act, by a tenant whose rent is in excess of the rent as provided by this Act, shall reduce the same in accordance with the provisions of this Act :

Provided that no court shall make any such order unless notice of the application has been served to all the immediate landlords.

8. The provisions of this Act shall not apply to any estate or holding in which the rates of rent are found to be lower than the rates as provided by this Act.

9. Nothing in this Act shall apply to any tenant who holds land under the Government or who holds land at a rent fixed in perpetuity.

10. The provisions of this Act shall not be affected by anything contained in any other law for the time being in force.

STATEMENT OF OBJECTS AND REASONS.

The most burning question of Bengal to-day is the excessive rent imposed upon the *raiyats* by their landlords. In many cases all over Bengal heavy rents imposed upon *raiyats* are now much beyond their economic capacity. In fact, in a great many estates rents have been enhanced to such exorbitant amounts that the lands of *raiyats* have been rapidly passing away from their hands, as a result of which a large number of *raiyats* of this province have already left their lands and have been compelled to take shelter in the jungles of Assam. As an instance of excessive rental of an estate, it may be quoted here that the revenue of Aila Tearkhali and Fuljhuri Estate in the district of Bakarganj is Rs. 372-3-8, while the total demand of rents from *raiyats* of this estate amounts to Rs. 92,987-7-5. The rates of rents existing in many individual *raiyati* holdings in certain permanently-settled areas in the district of Mymensingh have been found to be as high as Rs. 16 or so per acre, while the average revenue is only three annas two pies per acre throughout the whole district. In the district of Howrah the rates of *raiyati* rents have been found to be surprisingly excessive. These rates have gone up to Rs. 25 or so per acre in certain estates. Instances of excessive rents are a legion. It goes without saying that no rent legislation on a very fair and equitable basis is possible for the cultivators without doing away with the permanent settlement and all other intermediate rights by State acquisition as has been contemplated by the Land Revenue Commission. The mover of this Bill believes that it would not be feasible to carry out a scheme of State acquisition of all those rights in less than 20 years, so an *ad interim* legislation for such a period for reduction of high rent is urgently required in anticipation of a better and all-round rent legislation in future, so that no more lands may pass away from the hands of *raiyats* on account of their heavy rents. The Land Revenue Commission has already submitted an elaborate report and has recommended reduction of rent where it is high. The Commission has also made the striking remark that if any reduction of rent is contemplated by Government, it should be made before acquiring the interests of proprietors and tenure-holders.

From a note of dissent struck by a prominent member of Commission, it is found that the average rate of rent in Bengal has increased by nearly 160 per cent. since the time of granting permanent settlement. Moreover, no Zemindar has up till now done any work of agricultural improvement worth the name. The Commission has also found that the yield of rice in Bengal is low in comparison with other provinces and countries. From the Commission's enquiry it also transpires that the average revenue per acre is surprisingly low in the major portion of the permanently-settled areas in this province. This average revenue per acre varies from 6 pies to 15 annas, 9 pies only, in 22 districts and rises up to 1 rupee, 14 annas, 7 pies only, in the remaining few districts. Cultivators of Bengal are also hopelessly indebted. Besides, they have no subsidiary occupation and agricultural price, too, has gone down to a lower level. Considering all these facts, the high rents of Bengal should be reduced to the paying capacity of the cultivators as proposed by the mover.

The most prominent features of this Bill are clauses 3 and 4 which seek to reduce high rents and provide for the maximum limits to rents payable by the *raiyats* and under-*raiyats* who are the actual cultivators. Clause 3 fixes the maximum limit of *raiyati* rent to Rs. 3 per acre of cultivated land in all the estates where the average revenue falls below Rs. 2 per acre. As the average revenue per acre in permanently-settled areas is less than Re. 1 in 22 districts, this rate would be the prevailing fair rate in most parts of the province. The Commission has found that in Bengal the average *raiyati* rent per acre of cultivated area in Government estates is Rs. 3-1-10 and the average rate of *raiyati* rent per acre in permanently-settled areas is Rs. 3 and in Madras the recognised Government rates of *raiyati* rents for unirrigated lands are only Re. 1 to Re. 1-4 per acre. Considering all these rates, the maximum rates as provided in this Bill can be taken as comparatively fair and tolerable rates in Bengal which is mostly an unirrigated province. Clause 5 has been provided to discourage too much sub-letting. The Bill does not recommend any reduction of rent in areas where the rates would be found lower than the rates proposed in this Bill inasmuch as the rents prevailing in those areas are presumed to be not excessive. As Government has got inherent power to reduce high rents in Government lands, all such lands have been excluded from the purview of this Bill. Government has also undertaken to bring a separate Bill for giving adequate relief to the non-agricultural tenants, hence non-agricultural lands too have been excluded from this Bill. The mover cannot but mention here that the discretionary power given to courts under sections 38 (*1b*) and 112 of the Bengal Tenancy Act is of no avail to the poor and illiterate cultivators in seeking real remedy against the influential landlords.

Finally, it may be added here that any loss of existing cesses in consequence of the proposed reduction of rent may be recouped if required by readjusting such cesses on acreage basis instead of rupee basis.

In view of the aforesaid reasons, the mover of this Bill intends to introduce this *ad interim* measure into the Legislature to give immediate relief to the rack-rented cultivators of this province as has been done in Behar.

By order of the Governor,

RESOLUTION—No. 4631P.

By order of the Governor,

Secy. to the Govt. of Bengal.

Report of the Islamia College Enquiry Committee.

A

PRELIMINARY OBSERVATIONS.

1. On the 9th or 10th of August 1940 the members of this Committee each received a carbon copy of resolution No. 4631 P. of the Government of Bengal, Home Department, dated the 8th of August 1940.

On the 7th of August 1940 the President had been informally requested to act. Mr. Lethbridge received intimation of his appointment through the newspapers.

Except as stated below in paragraph 3 the Committee received no other communication.

2. The terms of reference contained in the resolution are—

"To enquire into the incidents that took place on Monday, the 22nd July, and Wednesday, the 24th July 1940, at and in the neighbourhood of the Islamia College and other educational institutions of Calcutta."

3. The above recited terms caused the President on the 11th of August 1940 *inter alia* to enquire—

(*a*) whether the Committee was expected to report its findings and opinion, and

(*b*) the names of the other educational institutions referred to.

4. As regards (*b*) the reply is as follows:—

"As far as Government is aware the educational institutions referred to are the Calcutta Madrasah and the Presidency College."

This has relieved us of some embarrassment because at one stage a suggestion was made that we should enquire into happenings in the neighbourhood of, or connected with, the Legislative Assembly.

5. The material portion of the reply as regards (*a*) is as follows:—

Enquiry "mainly on the question of facts that is to say what happened, and Government would be grateful if your Committee in its report would deal mainly with this question. It is of course open to the enquiring officers to make any remarks on the facts or on the evidence which they think fit."

It will be observed that the terms of reference still retain a measure of elasticity.

6. Except that the enquiry is stated to be public the manner of the enquiry was left at large. The matter, however, has suggested to us the appropriate and indeed the only possible analogy, i.e., that of enquiries held in England in pursuance of the provisions of the Education Acts.

7. Following, to the limited extent of our knowledge, this analogy, we have made the enquiry "public" in the fullest sense.

Having identified the incidents to be investigated we have ourselves required the attendance of such persons as appeared to us capable of giving first-hand testimony.

Any person wishing to make a statement has been heard, a considerable part of the student evidence being composed of such persons.

Further, we have ourselves put to the witnesses any question suggested by other witnesses or by members of the public.

8. The analogy referred to is also responsible for the choice of the Islamia College Hall as the place of enquiry, being the only convenient accommodation in the vicinity of the occurrence.

We realised the inconvenience of the choice to the College authorities and we were relieved to find that our proceedings did not prove to be the attraction anticipated.

As regards the students, their general attitude towards the Committee has been entirely amiable.

9. We can say no less of Mr. Nurul Huda particularly as the newspaper reports suggest that this gentleman read something contrary to our wishes.

This is not the case. The President pointed out informally to Mr. Nurul Huda that portions of the statement proposed to be read, containing as it did a narrative, might be taken advantage of by his professional rivals to suggest a submission to our jurisdiction. In the event, it was at our invitation and on our behalf that Mr. Nurul Huda read the protest prepared by him.

10. Although Mr. Nurul Huda's conviction of our *mala fides* may be largely conventional it may well be that it is otherwise with some of the rank and file.

The choice of two senior Judges of this Province to investigate a college disturbance indicates at any rate that local conditions are abnormal.

It is impossible for students to realise that the members of the Committee have shed their status as Judges. It is therefore easy for leaders to persuade them that as we seek our meat from the Accountant-General, Bengal, we must necessarily be lions under the throne.

11. It has further occurred to us that the personnel of this Committee is liable to affect the students of the Islamia College in a manner other than desirable.

At the risk of our reputation for modesty we suggest that the selection of Judges of some standing for the function referred to, tends naturally to confirm the students in the opinion already prevailing of their unique importance, and must therefore add to the already considerable difficulty of Mr. Zachariah's task.

12. Regarding our function in the manner already indicated, we have not proceeded with our enquiry on the basis that any party, body, or individual is either already guilty or even committed for trial.

We have further assumed, and upon this basis this report is submitted to Government, that no action either legal or disciplinary will be based upon any statement made before us or finding contained in our report.

B

NARRATIVE.

I. Incident No. 1—The Islamia College—22nd of July 1940.

1. *Picketing.*—A students' strike had been notified for the 22nd of July 1940 together with a mass meeting to be held at 2 o'clock in Wellington Square some quarter mile or more to the north of the Islamia College.

Various colleges and schools were picketed.

The President of the students' organisations interested in the strike, Mr. Abdul Waseque, being an old boy of the Islamia College especial attention was naturally paid to Alma Mater. A banner with the name of the organisation was affixed by the picketers to the main gate. Few, however, of the Islamia College students joined the strike.

2. *Processions.*—We think that 3 processions entered the Islamia College. The first procession consisting of Post-graduate students and students from the Bangabasi and Ripon Colleges arrived at the gate of the Islamia College from the north at about 1-30 p.m.

Of the Post-graduate students we have been fortunate enough to see one whose physical development, at any rate, is above the normal (W. 6).

3. The members of this procession, according to a statement volunteered by Witness 6 "had no intention to come into the College as we have no right to enter the College unless invited".

This intention was frustrated as follows:—

Exhausted by their march and by the frequent utterances of slogans (the gift of Caledonia to College Street, *see* W. 30, p. 72) the Post-graduate students including W. 6 rested against the main gate of the Islamia College with the result that the chain snapped and they found themselves to their surprise seated upon the northern lawn of the College compound.

4. Once there, Mr. Abdul Waseque and the processionists could do no less for the students of the Islamia College than to inaugurate a debate mainly no doubt on historical subjects and in particular the career of Nawab Mirza Mahmood known to the students as Sirajuddoula.

The debate again was punctuated by slogans.

5. To some observers however (including the College staff and W. 29) the occurrence appeared in the light of a forcible entry and the proceeding on the lawn as a noisy demonstration against the bulk of the Islamia students who had failed to join the strike.

In this light it was reported to the Inspector, Taltola police-station, with the result that Sub-Inspector Mansoor Ahmed was sent to the spot from Wellington Square with 2 Sergeants, 1 head constable and 10 constables. Inspector Khan Sahib Gafoor (W. 25) followed with one head constable and 4 constables. This was shortly after 2 p.m.

Up to this moment the police force at the Islamia College had consisted of the usual sub-arboreal picket of 2 constables in the proximity of the sweetmeat shop opposite the College gate.

6. After the arrival of the Taltola police the 3rd and largest procession reached the main Islamia College gate from the south. The Taltola police under Inspector Gafoor formed a cordon in front of the gate with the intention of preventing the entry of the 3rd procession.

According to W. 6 again "the demonstrators arrived in front of the gate not necessarily with the idea of entering the compound".

7. Mr. Abdul Waseque "came out of the compound into the street and tried to convince the police that the demonstrators were peaceful and had no intention to come into the compound, but the police turned a deaf ear to him". (We may observe that W. 6's ears at any rate served him well since he was at that time, according to him, inside the compound and unable to see what was taking place on the street.)

8. According to W. 2, 4 and 10, whom we may describe as the Islamia student strikers, the 3rd procession also made an involuntary entry into the College being driven in by a police charge from north and east.

In point of fact the Gurkha police from Headquarters had not yet arrived and the incident sought to be described is the later action of the Gurkha police in clearing the street. (*See* paragraph 15 below.)

9. It is clear that Mr. Abdul Waseque left the compound in order to lead in the 3rd procession. The Taltola police sought to prevent this. Mr. Abdul Waseque persisted and was arrested. He resisted his arrest and it is quite possible that in doing so he was hit with batons or half-*lathis*. The evidence is conflicting and for the most part repetition of report. (*See* W. 6 "sensation was created on knowing that Mr. Waseque was assaulted by ordinary constables".)

The evidence of Professor Zuberi (W. 11, p. 29) is consistent with the circumstances.

Mr. Waseque was examined all over by Dr. Roy at the hospital and apart from the cuts on his hands the only mark found was one bruise on the lower part of the right thigh (W. 32, p. 75).

10. The sergeant effecting the arrest and the Taltola police were however mobbed by the crowd from inside the compound and the members of the 3rd procession. Mr. Waseque was rescued and brought "in triumph" into the College compound.

11. Then according to witness No. 6 "came in sight of a long line of police lorries".

This consisted of one motor car containing the Deputy Commissioner, South, and one open police lorry containing 3 sergeants and 20 Gurkha police. This was at about 2-30 p.m.

12. This force had been sent from Lal Bazar with orders to clear the intruders out of the College premises.

Its despatch is explained by the following circumstances.

The Chief Minister, from his written statement before us, appears to have kept himself in touch through the telephone with events at the Islamia College and not only through the Principal or the College staff.

We have been unable to ascertain who actually informed the Chief Minister of the irruption into the College compound.

It is clear that the Principal was not consulted with regard to the force sent from Lal Bazar since the latter hoped "to be able to keep

the situation under control" without the police assistance (*see* Chief Minister's statement), although he "was informed that they were coming to remove the crowd which came into the compound" (W. 17, p. 47).

The Chief Minister, as appears from the statement referred to, was clearly agitated by the information received and anxious lest there should be a clash between the Islamia students and the intruders. In these circumstances he gave orders for police assistance to be sent with directions which, in the circumstances, necessarily implied the removal of the intruders.

13. The combined force of the Taltola and Lal Bazar police therefore entered the compound with the object mentioned in the preceding paragraph.

The evidence generally speaking of the student strikers W. 2, 4, 6 and 10, is again to the effect that the police without making any effort to eject the outsiders charged the crowd in such a manner that it was bound to enter the College.

In point of fact clearly an attempt to eject the crowd was made and was partially successful, some of the demonstrators leaving by the College gate and some climbing over the railings.

Others squatted on the ground and had to be removed by force. It is quite possible, if not probable, that some may have been hit or received bruises.

A small portion of the crowd however including Mr. A. Waseque and certain Islamia College student strikers ran into the College building.

14. This portion of the crowd was followed by the police whose entry into the College building was therefore the direct result of the attempt to eject the crowd of outsiders combined with the fact, possibly not then appreciated by the College authorities, that it contained a nucleus of Islamia boys and old boys, i.e., Mr. Waseque and his immediate Islamia supporters.

15. It is more difficult to give an accurate account of what took place inside the Islamia College building. Action was rapid, the scene confused, and the field of observation of each individual witness limited.

(*a*) The building runs north and south and consists of two long wings with a central hall or space on the ground floor and on the first floor. On each side of the central space is a staircase with half-landing. Each wing consists of a wide corridor to the east with a single row of class-rooms to the west. The class-rooms have two doors on to the eastern verandah and two doors on to small separate balconies on the west.

(*b*) Some tussle took place on the ground floor when the portion of the crowd above described first entered the building. We think that it was in this tussle that Anwar Hossain was first hit (*see* W. 16, p. 44, and W. 34, p. 80).

(*c*) We think that the police made two ascents to the first floor (*see* W. 4, p. 10).

The evidence of this lad is by no means wholly reliable, but we are unable to see any reason for invention on this point "they went up before any strikers went upstairs. At that time they did not do any injury. At that time the police officers upstairs were requesting the students to go into the class-rooms. The police came down again and were going to drive out the strikers who were standing on the corridor."

Moreover, it is consistent with the testimony of other witnesses regarding the attempts of the police to separate Islamia students from outsiders.

(*d*) The attempts of the police to separate Islamia students from outsiders are described both by striker students (p. 10) and the staff (pp. 42, 56, 68 and 80).

The reasons for failure may be summarised as follows:—

(*i*) many Islamia students came out of the class-rooms (pp. 47 and 56);

(*ii*) several outsiders were mixed up with the Islamia students and even entered the class-rooms (p. 47);

(*iii*) the Islamia students for the most part wore no distinctive dress; and

(*iv*) the nucleus of Islamia student strikers whose purpose it was to take Mr. Waseque and others to the first floor.

(*e*) We think that the tussle with Mr. Waseque began at any rate on the ground floor.

W. 4, p. 10.—"The police came down again and were going to drive out the strikers who were standing on the corridor; those strikers included Mr. Waseque and Anwar. They wanted to arrest Mr. Waseque. Some 10 or 12 students of the Islamia College who were on the ground floor took Mr. Waseque upstairs."

We think that there was a running fight upon the staircase between Mr. Waseque supported by a small group of Islamia student strikers and outsiders, and the police.

(*f*) The injury to Mr. Waseque's hands was caused at the top of stairs or on the open space on the first floor (pp. 4, 34 and 62).

There is no doubt as to the cause of this injury, i.e., that the cuts on the inside of his hands were due to the breaking of the bamboo flag pole which the police were attempting to take away from him. There was no injury on the outside of his hands and indeed the evidence of witness No. 2, an Islamia student striker, is to the above effect.

(*g*) It is clear that the Principal and the rest of the staff attempted first to separate the Islamia students from the intruders and then to prevent a clash between the students and the police. Some of the Islamia students themselves (p. 42) resented what they considered to be an insult to their College and became hostile.

The bulk of the students were kept back by the Principal and the professors to the south of the space on the first floor.

We think however that a certain number were on the open space itself and some also to the north of the open space in the vicinity of class-room No. 22.

(*h*) With regard to class-rooms, we are clear that nothing took place beyond class-room Nos. 21 and 22 which adjoin the open space to the south and north respectively.

We are clear that no police entered room No. 21 both from the evidence of witness No. 13, Professor Zahurul Islam (p. 34) and witness No. 15, Professor Kazemuddin Ahmed (p. 41) and from the manner in which witness No. 5 gave his evidence of the injury received by him.

It is possible that this injury was received in class-room No. 22, but we think more probable that some scrimmage took place immediately outside room No. 22 (*see* W. 13, p. 34).

We think that speaking generally it was not impossible for any Islamia College student to get away from the police on the first floor.

(*i*) It was not long before the police themselves realised the impossibility of separating the intruders and, whether or not at the request of the staff, relinquished their attempts to do so.

The request for surrender of Mr. A. Waseque was ultimately declined by the Principal and the police withdrew to the street.

In doing so they were met by an assortment of missiles from the first floor balcony. It was possibly at this stage that witness No. 4 lost his shoe.

The police left the vicinity of the College at about 3-15 p.m.

(*j*) Mr. A. Waseque refused to have his hands dressed, appeared on the balcony and showed his injuries to the public.

He also, with the privilege of an old boy, entered the common room and smeared his hands on the coats of Professors Zuberi and Zahurul Islam (pp. 31 and 34).

While this may not have been Mr. Waseque's object (since he showed the same attention to his contemporary at the Islamia College, Sub-Inspector Mansoor Ahmed), the result was that a report spread rapidly of injuries received by those two members of the staff.

16. It was after the withdrawal from the College building and while waiting for the decision of the Principal regarding Mr. Waseque [above 15(*i*)] that the police cleared the street (W. 23, p. 57) of sightseers and passersby.

17. Shortly before or after the departure of the police arrived certain public personages. According to the description given by Islamia student K. Dowllah who submitted a written statement—

> "Many M.L.A's. and leaders came in flocks and picked the information."

This apparently was the first of several such flocks with the last of which Mr. Yusuf (No. 8) and others must have proceeded to hospital.

18. At about 5-30 an ambulance was procured and Anwar Hossain was sent to hospital. Where he was during the intervening period, who summoned the ambulance and who took him to hospital we have been unable to ascertain. No information of his injury or condition during the intervening period was given to the Principal or to any of the staff.

19. Mr. A. Waseque arrived at the hospital at about 7-30 attended by, among others, the Post-graduate student No. 6, who had spent the interval inside a room in the Islamia College which he was however unable to identify owing to loss of consciousness due to palpitation of the heart (p. 17), and also a Corporation Councillor.
He was physically supported by some of his attendants and according to Dr. Roy was admitted to the hospital and permitted to occupy a private cabin "as he was very nervous and restless".

Mr. Waseque was discharged on the 31st of July 1940, but remained in hospital until 5 p.m. on the 1st of August 1940.

II. Incident No. 2—Calcutta Madrasah—24th of July 1940.

The evidence of witnesses Nos. 18, 19, 20, 21, 22, 26 and 27 leaves no doubt as to the incident of the 24th of July at the Calcutta Madrasah.

A persistent attempt was made by intruding students to prevail upon the boys of the Madrasah to join the disturbances of that day and attend the meeting to be held in Wellesley Square.

The demonstrators resorted to the usual means of persuasion and went so far as to pull boys out of the class-rooms, but not using more force than was necessary to achieve the object. Nor did they show more disrespect to the Principal or to Masters than they could help. The events of the 22nd July at the Islamia College were made use of as propaganda.

III. Incident No. 3—Presidency College—24th of July 1940.

The intruders at the Presidency College actually broke open the main gate and a second interior gate. They entered class-rooms and insisted upon addressing the students. The result was not more successful than the attempt at the Calcutta Madrasah.

IV. Incident No. 4—The Islamia College—24th of July 1940.

There was no incident at the Islamia College on the 24th of July, a holiday having been notified as the result of the Chief Minister's visit on the 23rd.

Such information as we have of the meeting in Wellington Square on the 24th of July indicate the use to which the holiday in question was put by some at any rate of the Islamia College students.

C

REMARKS ON THE EVIDENCE.

1. It will be remembered that the explanatory letter of the 12th of August 1940 leaves it "open to the enquiring officers to make any remarks on the facts or the evidence which they think fit".

Whether or not it was intended to limit our remarks to such as are necessarily involved in assessing the value of evidence, this section of the report is confined generally to remarks of this nature.

2. *Evidence of the staff of the Islamia College.*—We suspect that this evidence has not entirely fulfilled the expectation of the students especially in regard to injuries supposed to have been received by members of the staff, e.g., Professor Zuberi.

On the other hand we notice in it many symptoms of sympathy for their own students, based upon a conviction that they (the Islamia students) would not have been involved in the disturbance had the police not been called in, and a feeling that the injuries received by the boys were an inappropriate recognition of their good behaviour.

Speaking generally we consider the evidence of the staff to be impartial and especially with regard to certain individuals, e.g., Professor Kazemuddin, for an incident of this kind, unusually accurate.

3. *Police evidence.*—We have ourselves called all the principal officers concerned.

As regards the narrative of events for the 22nd of July 1940 the statements of the police officers are confirmed in many details by the evidence of those persons most hostile to the police, and are again more accurate than one expects with regard to an incident of the kind under enquiry.

It is to be noted that the police witnesses have not attempted to deny the use of so much, if not more, force as would account for the injuries which so far as our investigation is concerned we have been able to discover.

To this there is the exception of Anwar Hossain to whom special reference will be made.

4. *Medical evidence.*—We did not have the advantage of seeing the doctor who actually treated Anwar Hossain. On the other hand we heard Dr. A. R. Roy who received and attended to most if not all of the students and ex-students of the Islamia College at the Medical College.

His evidence coupled with the reports of attendance, indicates that of all the persons who attended hospital Anwar Hossain was the only one to have received serious injury.

Of the 15 persons stated in the Assembly to have been injured two were old boys of the Islamia College, 2 were Professors and 7 students of the Islamia College.

Of the 2 old boys we have referred to the injuries of Mr. A. Washeque Mr. Nural Huda preferred not to tell us of his but did not attend hospital.

The two Professors were untouched.

Of the 7 students, we have referred and shall refer again to Anwar Hossain. Shamsul Alam did not attend hospital, his injury, if any, was of the slightest. Abdul Huq attended hospital at 8-15: no external injury. Noor Nawaz no injury. Abdur Raouf did not attend hospital and refused to make a statement before us. Modasir Hossain no injury. Mahomed Yusuf slight injury to ankle, attended hospital at 8-30 p.m.

Besides the above the attendance register of the hospital shows one Saleem Uddin Ahmad, no external injury.

We have also heard the statement of witness 5, Dilowar Hossain to whom reference will be made below.

5. *Student evidence.*—This is the one class of evidence calling for detailed comments.

(*i*) With one or two exceptions we have not seen the wholly normal Islamia College student who was in no way concerned in the incidents and who did not wish to be involved in the enquiry.

(*ii*) We have heard a certain number of Islamia students who were originally unconnected with the demonstration but who become involved in it against their inclination, and who received minor injuries. Of this class witness 5 Dilowar Hossain may be taken as typical.

(*iii*) We have heard several (witnesses 2, 4, 6, 10) who came forward with the clear intention of removing all blame from the leaders or sub-leaders of the demonstration. We have referred to them in the narrative as "Islamia student strikers". Witness 6, although a Post-graduate student, may be taken as typical.

6. As typical of class (*ii*) we have selected witness 5 Dilowar Hossain, a pleasing and gentle personality. He received the slightest of injuries but as appears from the attendance register was taken to hospital at 8-30 by an M.L.A.

As already stated we are sure that his injuries were not received in class-room No. 21. It is possible that they were received in class-room No. 22, but we think more probably immediately outside class-room No. 22.

His evidence, as that of the others in this class, is by no means wholly accurate.

In making this criticism, we must remember that allowances should be made in the following respects:—

(*i*) a species of loyalty to comrades;

(*ii*) a sense of injury resulting from an immediate injustice accompanied by a disregard of remoter causes;

(*iii*) an atmosphere of excitement and credulity (*see* student K. Dowlah, written statement, who based his assertion of Dr. Zuberi's injury on a subsequent conversation overheard between Professor Zuberi and another in a language he could not follow in a tram); and

(*iv*) a peculiarity of language.

Most of the witnesses preferred to give their evidence in English. Some of the phrases used convey an impression of deliberate exaggeration, which must be discounted.

The students are addicted to stimulating adverbs. Thus, attractive Syed Mannan Baksh is "miraculously" saved. Gentle Dilowar Hossain and others are "mercilessly" beaten. On enquiry we find that by "mercilessly" in this connection, Dilowar Hossain meant without cause, just as in speaking of the police as "intoxicated with wine" he meant to convey an impression of excitement.

7. The evidence of class (*iii*) although it bears every indication of individual effort, was directed generally to the following points:—

(*a*) To establish a police charge on the street prior to the entry of the demonstrators and to make this charge responsible for that entry.

(*b*) To conceal the fact that the gate was forced.

(*c*) To conceal the fact of Mr. Waseque's arrest and rescue.

(*d*) To deny that the police on entering into the compound made any effort to eject the crowd.

(*e*) To suggest that the police action was with the object of driving the crowd into the building.

8. The case of Anwar Hossain calls for separate treatment.

Firstly he alone of the Islamia College students was seriously hurt. Secondly there are peculiar difficulties in ascertaining the origin of his injuries and their immediate results.

This student at his own request attended last, and then stated to us that he did so only at the Principal's desire and to preserve the discipline of the College.

While it may be that this course was suggested to him by others, we preferred to accept his statement at its full value and consequently refrained from pressing this witness as to the part he himself took in the occurrence.

9. According to this witness he was first beaten on the first floor near room No. 22. He was then chased downstairs and along the north passage towards the laboratory at its north end. Here, he was hit on the head by another policeman and became unconscious. He remained unconscious until his arrival in hospital.

This story is inconsistent with the testimony of other witnesses sympathetic to Anwar Hossain, e.g., witness 34, Mr. Ghanimat Ali, p. 80; witness 16, Professor Abdus Sadeque, p. 44; witness 4, Shamsul Alum, p. 10, witness 15, Professor Kazemuddin Ahmad, p. 43.

From the evidence of witnesses 34 and 16, it is quite clear that Anwar Hossain's story has to be reversed. He was first chased and hit in the compound, or on the ground floor or both. He did not then become unconscious and undoubtedly thereafter proceeded upstairs (*see* witness 34, p. 80).

We think the explanation is to be found in witness 4's Shamsul Alam's evidence at p. 10 [quoted in paragraph 15(*c*) narrative] and that Anwar was one of the group who "took Mr. Waseque upstairs" and was involved in the running fight on the staircase.

10. There is an inexplicable lacuna in the evidence with respect to the condition of Anwar Hossain from the time he was seen still conscious by Mr. Ghanimat Ali on the first floor (p. 80) say about

3-0 p.m. and his arrival in hospital at about 5-30 p.m. (witness 32 Dr. Roy, p. 76).

Although we know that he was attended by a number of persons, we have been unable to ascertain who looked after him during the interval, who sent for the ambulance or who procured his admission to hospital.

In these circumstances we have assumed the inference of Dr. A. R. Roy to be correct, i.e., that this was a slight case of concussion.

Anwar Hossain was discharged on 31st July 1940 but did not leave hospital until 7-15 on 5th August 1940.

11. Anwar Hossain was undoubtedly hit on the head more than once and, was also probably poked or prodded with a stick, although we think not by Inspector Ghaffur, this having been subsequently suggested to him in order to establish that the police did not attempt to discriminate.

He is a tall but delicate lad, partially lame, and the fact that he of all the students should have been the one to receive serious hurt naturally evokes sympathy which, notwithstanding his own part in the affair, has not been withheld by the authorities, or by ourselves.

D

CONCLUDING OBSERVATIONS.

1. It is not for us to speculate whether any and if so what useful purpose may be served by our report.

It will not satisfy a craving for sensation. Disappointment is already reflected in the written statement of witness 9, Islamia student S. M. Ayoub. "The casualties in my opinion would have been much greater had the police not been skilful in their attack. If the *lathi* charges would have been on the head instead of legs, waist and hands then pools of blood would have flowed in Islamia College, Calcutta."

The question may be asked, why batons or half-*lathis* at all? The answer we conceive to be as follows—You cannot schedule your police as a criminal tribe and expect it to compel the respect and exercise the influence of the Metropolitan Police, London, England.

2. We have not been able to portray any personage as guilty of great crimes or indeed as possessing other than human failings, including a partiality for the telephone.

The Chief Minister's apology of the 23rd of July 1940 is capable of being construed as involving an admission—

(*a*) that as a general rule it is wiser to leave to the Principal of an educational establishment the final decision to call or not to call in the police, and

(*b*) that this case was no exception to such rule.

We have assumed that which the Chief Minister either thought it superfluous or unavailing to express, namely, that this apology was intended for the Islamia College staff and for those students who were involuntarily involved in the disturbance and thereby suffered injuries in mind or person, and not for those who broke into the College compound, or were the cause of the entry of the police into the building.

3. (*a*) The Principal and staff of the Islamia College appear to have been of opinion that the disturbance would have automatically subsided.

(*b*) After-event wisdom (acquired by detailed information as to the activities of Mr. A. Waseque and his small band of Islamia student followers) indicates that in this case it was difficult, if not impossible, for the police to intervene effectively without coming into conflict with the other Islamia students.

(*c*) On the other hand the Principal himself was clearly aware of the nuisance, if not danger, constituted by the crowd of intruders in the compound. Had no effort been made to eject the latter, and had trouble ensued between the crowd and the Islamia students, no doubt the authorities would have been blamed for their inaction.

4. We are ignorant of the nature and extent of the connection between the incidents investigated and contemporary politics.

There are however before us unmistakable signs that such connection exists.

The competitive courtship of which they are and have been the object has necessarily affected the character of the students in a manner adverse to their prospects in life.

5. We have observed, and this also appears from the evidence before us, a genuine attachment on the part of the Islamia students for their Principal and staff.

We have already acknowledged the propriety of our reception by the students as a body.

The individual deportment however of many of the Islamia students is far from exemplary and will prove a handicap to their future careers.

We had the advantage of some discussion with one of the senior professors from whom we gather that the behaviour to which we have referred is neither conscious, nor of recent growth. (This professor diagnosed inability to distinguish between independence and disobedience or discourtesy.)

6. We take the liberty of diagnosing causes physical as well as psychological.

We were distressed to note the undernourished appearance and generally depressed condition of a considerable proportion of the students.

We were told that this is largely to be explained by the fact that many come from the poorest of families and are being educated upon stipends which leave an insufficient margin for food and other necessaries.

We gather that in the Hostels medical attention is provided, but not for those students residing elsewhere.

7. The playing fields of the Islamia College are neither exclusively enjoyed nor convenient of access. The students appear to have little in the way of relaxation, and few, if any, have anything in the nature of a hobby as known to the youths of other countries.

In conditions so little ideal, it is not surprising that student youth should welcome the flattering attentions of the great.

We fully appreciate the difficulty in the way of betterment in a province where from want of funds cheapness has long been the *benami* of economy. But we as judges cannot forget the 20 or 25 million sterling spent annually by the public of Bengal in litigation.

Further we take the liberty to remark upon a tendency to begin upon new and expensive enterprises before the old have been brought to any degree of perfection.

8. With these observations, possibly beyond the scope of our reference, but relating directly to conditions in the Islamia College conducive to a repetition of the events in question we close our account of the somewhat unusual manner in which was celebrated "Old Boys' Day" at the Islamia College on the 22nd of July last.

If, as is probably too much to hope, any real interest in the improvement of such conditions has been aroused its organisers will have rendered an unexpected service to the community.

Secy. to the Govt. of Bengal.

DEPARTMENT OF PUBLIC HEALTH AND LOCAL SELF-GOVERNMENT.

NOTIFICATIONS.

No. 1166L.S.-G.—24th September 1940.—In exercise of the powers conferred by clauses (*i*) and (*t*) of section 138 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Governor is pleased to make the following amendments, in the Bengal Local Self-Government Account Rules published with notification No. 2158L.S.-G., dated the 5th September 1918, as subsequently amended:—

Amendments.

(*1*) To rule 8 of the said rule *add* the following note:—

"*Note.*—Fees and other realisations in respect of any waterworks or its depreciation fund shall not be utilised except for purposes of the same waterworks."

(*2*) In rule 26 of the said rules *re-number* clauses (*b*) and (*c*) as clauses (*c*) and (*d*), respectively, and *insert* the following as clause (*b*):—

"(*b*) by a schedule in Form No. 2B containing full details of the estimates for waterworks, if any. If there are more than one waterworks, a separate schedule shall be prepared for each."

(*3*) After rule 61 of the said rules *insert* the following:—

Waterworks.

61A. A subsidiary account shall be kept separately in respect of the receipts and expenditure pertaining to each waterworks. The account shall be kept in a manuscript form in which the monthly receipts and expenditure under each of the minor and detailed heads appearing under the major head "waterworks" in Budget Form No. I shall be posted separately. Loans received for the purpose of the waterworks, interest on endowments, repayment of loans, interest paid on loans as well as a suitable share of general establishment and other charges shall also be posted in this account. The account shall be closed monthly and the balance shall be carried over as the opening balance for the following month.

Waterworks Depreciation Account.

61B. (*1*) When a waterworks is maintained by a district board, the board shall make an annual contribution to an account called the Waterworks Depreciation Account for defraying the cost of renewal of parts of the plant, which are liable to rapid deterioration, as detailed in sub-rule (*2*).

(*2*) For the purpose of this rule, the average life of parts of a plant shall be calculated from the assumed lives of the items mentioned below:—

		Years.
Small light oil engines	...	8
Light engines of bigger size	...	12
Crude oil heavy engines	...	20
Light high speed steam engines	...	15
Heavy high speed steam engines	...	20
Heavy slow speed steam engines	...	30
Light reciprocating pumps	...	15
Heavy reciprocating pumps	...	30
Small high speed centrifugal pumps	...	15
Large high speed centrifugal pumps	...	20
Slow speed centrifugal pumps	...	25
Lancashire or Cornish boilers	...	30
Small tubular boilers	...	15
Steel filter shells	...	20
Tube wells	...	10
Electric motors	...	20
Mechanical filter parts	...	15

(*3*) The average life of a plant shall be calculated in the following manner:—

Example.—Suppose a district board has a plant mentioned below:—

Plant.		Cost.		Life in years.		
		Rs.				Rs.
(*a*) Heavy oil engines	..	6,210	×	20	=	1,24,200
(*b*) Centrifugal pumps	..	3,417	×	25	=	85,425
(*c*) Filter parts (including Chlorinator)	..	10,800	×	15	=	1,62,900
Total	..	20,427				3,72,525

Therefore, the average life of the whole plant would be $\frac{3,72,525}{20,427}$ 18 years.

(*4*) The amount to be contributed to the said account shall be included in the estimate of the recurring cost for upkeep of the works.

(*5*) The amount of annual contribution to the Waterworks Depreciation Account shall be such that the contributions shall be equal at the end of the period the plant is expected to last, to the original cost of the plant, a reduction in the normal contribution in any year being made by the amount of interest, if any, actually earned in the previous year.

(6) The contribution and expenditure out of the same shall be booked in the general account of the district board under the major head "Waterworks Depreciation Account" and a separate account for each waterworks shall be maintained through a subsidiary ledger.

(7) The balance at the credit of the Waterworks Depreciation Account exceeding the estimated expenditure for renewals and replacements for the next six months shall be kept in fixed deposits with the Imperial Bank of India.

(8) Immediately after the close of each financial year the district board shall submit to the Provincial Government, through the usual channel and to the Chief Engineer, Public Health Department, a statement of receipts and expenditure for the preceding year, in respect of the said account.

(9) The transaction pertaining to the Waterworks Depreciation Account shall be audited by the Examiner of Local Accounts along with the other accounts of the district board, and any default in the payment of contributions or diversion of the balance at the credit of the Waterworks Depreciation Account or any other irregularity shall be brought to the notice of the Provincial Government through the audit report."

(4) In rule 156 of the said rules—

(a) after the words "shall be kept in fixed deposits in the said Bank" *insert* the following:—

"The balance at the credit of the Waterworks Depreciation Account not required for expenditure during the next six months shall likewise be kept in fixed deposits with the Imperial Bank of India;"

(b) *add* the following note at the end:—

"*Note.*—Where no branch of the Imperial Bank of India exists in the district town, the remittance may be arranged through remittance transfer receipts. In case of an existing branch within the district cheques may be enfaced for payment at the sub-treasury concerned and sent to bank for realisation and credit to the account."

(5) *Number* the note under rule 181 of the said rules at Note 1 and after the said note as so numbered *add* the following as Note 2:—

"*Note 2.*—For amounts withdrawn from the treasury and tendered at the Imperial Bank of India to be held at 'fixed deposit' on behalf of the Waterworks Depreciation Account there shall be a per contra entry on the receipt side of the cash book showing the fixed deposits. Similarly when this deposit is withdrawn and paid into the treasury, there shall be an entry on the expenditure side of the cash book showing the withdrawal corresponding to the entry of the treasury remittance on the receipt side of the cash book."

(6) In rule 182 of the said rules, in the memorandum of the closing balance, after the entry "balance as per cash book" *insert* the entry "Deduct—Fixed deposit with the Imperial Bank".

Miscellaneous.

RESOLUTION—No. 9376Misc.

Calcutta, the 20th September 1940.

Read—

The report of the Committee appointed by Government in resolution No. 16108Misc., dated the 11th August 1938, to examine what places, other than Maijdi, are suitable for the location of permanent headquarters for Noakhali district and to recommend the order of suitability of such places.

1. Owing to the continued erosion of the town of Noakhali, the Government of Bengal appointed a Committee in 1921 to advise where the new headquarters of the district of Noakhali could be located to the best advantage. The Committee submitted a report in favour of Maijdi and the recommendation was accepted by Government in 1922. Subsequently, as the situation showed an improvement, it was decided that the project should be held in abeyance and further progress of the erosion should be watched. In 1929 erosion again started and during the years 1931 and 1932 assumed such serious proportions that temporary arrangements had to be made at Maijdi for accommodating some of the Government offices. In view of the large expenditure involved in constructing a new headquarters station a Committee was appointed to examine from all points of view the question of the future administration of the areas included in the district of Noakhali. This Committee also recommended the selection of Maijdi as the new headquarters station of the district.

2. Subsequent investigations by Government experts revealed that Maijdi itself was not safe from erosion over a long period of time. Government, therefore, came to the conclusion that Maijdi is not altogether suitable for the location of the permanent headquarters of the district owing to the danger of erosion from the Noakhali Khal and they accordingly appointed a small Committee whose report forms the subject of this resolution, to examine what places, other than Maijdi, are suitable and to recommend the order of suitability of such places. The Committee was composed of the following members:—

(*1*) The Commissioner of the Chittagong Division, President.

(*2*) The Superintending Engineer, Department of Communications and Works, Eastern Circle.

(*3*) The Superintending Engineer, Irrigation Department, Southern Circle.

(*4*) The Deputy Inspector-General of Police, Bakarganj Range.

(*5*) The Collector of Noakhali.

(*6*) The Chairman, district board, Noakhali.

(*7*) Dr. S. N. Sur, Assistant Director of Public Health, Dacca Circle.

(*8*) Rai Upendra Lal Roy Bahadur, Chittagong.

(*9*) A nominee of the Agent, Assam Bengal Railway.

(*10*) Maulvi Aminullah, M.L.A.

(*11*) Mr. Shah Syed Golam Sarwar Hosaini, M.L.A.

(*12*) Maulvi Abdur Razzak, M.L.A.

(*13*) Mr. Harendra Kumar Sur, M.L.A.

(*14*) Rai Kshirod Chandra Roy Bahadur, M.L.A.

(*15*) Maulvi Mohammad Ibrahim, M.L.A.

3. The report of the Committee has been received and the majority of the members recommend that the headquarters of the district should be located at Begumganj. The Government of Bengal have carefully considered the report and have decided to accept the recommendation that the headquarters of the district should be located at Begumganj. Steps will be taken to give effect to this decision.

Ordered that this resolution be published in the *Calcutta Gazette* for general information.

STATEMENT OF OBJECTS AND REASONS.

The Bill has been introduced with a view to rationalise the settlement of fisheries on the basis of fair and equitable rent and stabilise the fish industry which forms a vital part of the economic structure of the province. If the Bill passes into law, it will benefit the proprietors as well as the catchers. The proprietors will receive regular and stable rents, while the catchers will be saved from illegal and unjust impositions. Besides the destruction of fish, price will be greatly minimised on account of longer settlement. In short, the abject poverty of fishermen due to various extortions and uncertainties of profession will disappear on account of fixity of rent, settlement for longer number of years and reduction of interest on arrear rents. So far as Government fisheries are concerned, the fishermen will, after the expiry of existing settlement, have the free right of fishery, and it will be economically beneficial both to the catchers and the consumers. It will also encourage co-operative efforts among the fishermen and will go a long way to improve their hard lot.

The present Bill has been drafted on the model of the Bill introduced in 1937 by Mr. Narendranath Das Gupta, M.L.A., and that of the Bill introduced in 1939 by Moulavi Abdul Latif Biswas, M.L.A., with certain additions and modifications as have been thought necessary for promoting and safeguarding the interests of *bonâ fide* fishermen.

THE BENGAL SUPERVISION OF ORPHANAGE AND WIDOWS' HOME BILL, 1940.

A BILL

to make better provisions for the control and supervision of orphanages, widows' homes and marriage bureaux, in Bengal.

WHEREAS it is expedient to make provision for the control and supervision of orphanages, widows' homes and marriage bureaux, in the province of Bengal, it is hereby enacted as follows:—

(*c*) It shall come into force on the day appointed in this behalf, by the Local Government, by notification in the Gazette.

2. In this Act, unless there is something repugnant in the subject or context—

(*a*) Licence means licence issued under the Act.

(*b*) Marriage bureau means an institution which arranges about the marriage of persons and includes the place where the girls or women of any age may be kept for the said purpose, by whatever name it may be called.

(*c*) Notification means notification published in the Gazette.

(*d*) Orphan means a boy or girl, under 18 years of age, who has lost his or her parents, or has been given up by his or her parents or guardians.

(*e*) Orphanage means a house where orphans may be kept by whatever name it may be called.

(*f*) Person includes group of persons.

(*g*) Regulation means regulation made in exercise of the power conferred by this Act.

(*h*) Registered means registered under the Societies Registration Act (Act XXI of 1860).

(*i*) Society means society formed under the Registration made under the Act.

The Bengal Supervision of Orphanage and Widows' Home Bill, 1940.

(Clauses 3—8.)

3. No person shall open, maintain or continue to maintain, an orphanage, widows' home or marriage bureau, or any other institution having similar objects, without a licence obtained from the District Magistrate of the district where the institution is to be opened or is located.

4. The District Magistrate shall not issue a licence, mentioned in the preceding section of the Act, unless he is satisfied :—

(*a*) That a society has been formed to look after the institution according to the regulation framed by the Government under the Act.

(*b*) That the society has been registered.

(*c*) That the society has sufficient funds at its disposal to run the institution for at least two years.

(*d*) That the members of the society are respectable persons of the district.

(*e*) That the home of the institution is located or is to be located in a healthy locality, and that the accommodation is sufficient.

(*f*) That the society is willing to allow the inspection by the District Magistrate or any officer nominated by him, whenever he may like to do so.

5. The licence shall be liable to be cancelled, for breach of the said conditions, or for any other sufficient cause.

6. The Local Government shall have the power to make regulations not inconsistent with the Act, for the formation of the society, which shall control and supervise the said institution and for their inspection by the District Magistrate.

7. The existing institutions which are required to take licence under the Act shall do so within a period of six months from the passing of the Act.

8. Whoever contravenes the provisions of the Act shall be liable to a fine not exceeding Rs. 500.

STATEMENT OF OBJECTS AND REASONS.

In Calcutta, Dacca and in other mufassal towns a good number of shady institutions under the garb of orphanage, widows' and rescue homes and marriage bureaux are trading in minor boys and girls. Most of these institutions are not genuine and are clearing houses for supplying girls to designing persons and houses of ill-fame.

The law, as it stands now, is unable to put a check to the nefarious activities of such institutions and unless immediate legislation is undertaken this pernicious evil is bound to take a deep root in the province.

It is, therefore, desirable that all institutions like orphanages, widows' homes, marriage bureaux, nari raksha samities, etc., should be properly controlled and administered in a manner suggested by the proposed Bill.

THE BENGAL MEDICAL (AMENDMENT) BILL, 1940.

A

BILL

further to amend the Bengal Medical Act VI, 1914.

WHEREAS it is expedient further to amend the Bengal Medical Act VI, 1914, in the manner hereinafter appearing :—

AND WHEREAS the previous sanction of the Governor under sub-section (*1*) of section 119 of the Government of India Act, 1935, has been obtained to the passing of this Act ;

It is hereby enacted as follows :—

Preliminary.

Short title, extent and commencement.

1. (*a*) This Act may be called the Bengal Medical (Amendment) Act, 1940.

(*b*) It shall extend to the whole of Bengal subject to the provision of section 92 of the Government of India Act, 1935.

(*c*) It shall come into force on the day on which it is published in the *Calcutta Gazette* after having received the assent of the Governor.

Amendment of section 17.

2. (*i*) In section 17 of the Bengal Medical Act, 1914 (hereinafter referred to as the said Act), the following shall be inserted as the first proviso, namely :—

"Provided that the Local Government may, after consulting the Medical Council, permit the registration of—

(*a*) any person who has undergone a full course of training in any Medical College or School and has obtained a certificate to that effect from the head of such approved College or School and who was practising as a medical practitioner on the date when the Act came into force ; and

(*b*) any person who has obtained proper training in any medical institution and will join the medical profession within a year from the date of enforcement of this Amendment Act of 1940, provided that he passes the final L.M.F. Examination of the State Medical Faculty by appearing in one subject at a time.

(*ii*) In the existing proviso to section 17 of the said Act, the word "also" shall be inserted between the word "provided" and the words "that the Council may."

Amendment of section 25.

3. In the section 25 of the said Act the following shall be inserted as clause (*iii*) after clause (*ii*) and before the words "be removed" :—

(*iii*) who is associated with any non-recognised medical institution.

STATEMENT OF OBJECTS AND REASONS.

After having obtained proper training in the non-recognised medical institutions of Bengal, medical practitioners of Bombay, the United Provinces, the Punjab and Burma, etc., have been given the privilege of registration long ago, either by amendment of the Acts of the respective provinces or by Government notification. In Bengal nothing in this direction has been done up to date. These practitioners of Bengal have therefore formed themselves into a corporate body under the name and style of the "Indian Medical Union" and have been making representations which should not be altogether ignored. The union has been publishing an English medical monthly, viz., Indian Medical Review as its organ. Useful original articles and reports of cases have been contributed by this group of medical practitioners. The redress sought for may be given by a simple amendment of the Bengal Medical Act, and it is the object of the present Bill to make this amendment.

Many of them have been thrown out of employment from hospitals, tea gardens, ships, steamers, etc. They are debarred from granting certificates of illness, and handicapped in many other ways. These difficulties increased when the Poisons Act (Act XII of 1919) came into force and prohibited them from procuring for their patients the requisite drugs included in the schedule of poisons. The Government made a transitory provision by approving the diploma or certificate of some medical institutions and arranged for an examination of these doctors by the State Medical Faculty. This provision was in force only for two years from the passing of the Bengal Medical Act, 1914. The time was too short for the majority who were practising abroad or were in the remotest villages of the province to avail themselves of the concession, and moreover a good many did not even get the necessary information within the period. As soon as the transitory period ceased, they asked for extension of the period by a resolution in the Legislative Council in which it was rejected at the opposition of the Government. Such people are now on the brink of starvation. Many of them have outgrown the age at which a change of avocation is possible, and, for obvious reason, a fresh examination also is out of question. The proposed proviso (*a*) of the Bill is intended to meet the cause of these people.

The Medical Act (Act VI) of 1914, while restraining the registration of medical practitioners did not restrict the continuation of non-recognised medical institutions. The case of those who have obtained proper training in non-recognised medical institutions since 1914 stands on a similar footing. Several unregistered doctors, who had received their training in such institutions, are now serving in tea gardens, coal mines, etc.; and they have been highly spoken of by their superior medical officers, Indian and European. Some of these non-recognised institutions have since been recognised; but the students who completed their course of education therein and began to practise before such recognition, have been left in the lurch. We therefore, find good doctors trained at the same institutions, one set of whom—the older and more experienced set—are unqualified for want of registration, while another set are qualified by registration. Under these circumstances it is but fair and equitable that such students should be given at least one chance of being qualified. There are many non-recognised medical institutions still producing medical practitioners who should be allowed to appear at the Final Licentiate Examination. Hence, the necessity for proviso (*1*) (*b*). By the insertion of clause (*iii*) in the section 2, all the existing non-recognised medical institutions will seek for recognition and thus will prevent further production of the unregistered doctors.

STATEMENT OF OBJECTS AND REASONS.

The working of the Bengal Food Adulteration Act, 1919, for the last twenty years has revealed certain defects and lacunæ in the provisions of the Act which have prevented local authorities from taking adequate action under the Act against unscrupulous manufacturers or vendors of adulterated foodstuffs, and have sometimes resulted in the failure of prosecutions in cases sent up for trial. For example, there is at present no provision under the Food Adulteration Act for the registration of the places of manufacture or wholesale business of any article of food, with the result that no adequate control can be exercised at the source where the adulteration mostly takes place. The dealers as well as vendors of certain kinds of food such as ice-cream, which are easily liable to contamination, cannot also be brought under control under the existing provisions of the Act. Again, the Act does not specifically confer on the authorised officer a right of entry into all premises for the prompt inspection and examination of suspected foodstuffs. This sometimes renders difficult the detection of adulterated foodstuffs concealed in private premises. Further, prosecution has failed in many cases because of the delay usually made by the public analyst in submitting the report of analysis, and also on account of the plea that the analysis was not done by himself. The present Bill seeks to remedy all these defects in the Act, and also to make certain correlated and additional provisions with a view to improving the working of the Act, *e.g.*, (1) the appointment of Inspectors either by the Provincial Government or by a local authority with the approval of Government to supervise the administration of the Act, and (2) providing that a prosecution shall be instituted upon receipt from a public analyst of a certificate declaring an article of food to be adulterated.

2. The present Act is restricted only to the prevention of adulteration of food. For the purpose of ensuring purity of food, it is considered desirable to enlarge the scope of the Act in certain respects on the lines of the Food and Drugs Act, 1938 (1 & 2 Geo. 6, Ch. 56) and some of the provisions in the Calcutta Municipal Act, 1923, and the Bengal Municipal Act, 1932, relating to food. Provision has accordingly been made in the Bill—

(*a*) for the prevention of the sale of any food or any living thing intended to be used as food, which is diseased, unsound, unwholesome or unfit for human consumption;

(*b*) for the prevention of the sale, preparation, etc., of articles of food by persons suffering from certain notified diseases;

(*c*) prescribing the sanitary conditions of premises used for the preparation or sale of food and other safeguards against the infection or contamination of articles of food; and

(*d*) for the framing of bye-laws by local authorities prescribing sanitary conditions and practices in regard to the handling, wrapping and delivery of food.

3. As a precaution against maladministration a provision has also been made, on the lines of section 93 of the English Act, empowering Government to take suitable action for the execution or enforcement of any of the provisions of the Act which a particular local authority may have failed to execute or enforce, or when a local authority has abused any power conferred upon it by or under this Act, and when such failure or abuse is to the detriment of the general interests of the consumers of food,—the necessary cost being recovered from the local authority concerned.

4. Opportunity has also been taken to improve the wording of certain sections of the existing Act on the lines of other more recent legislation in India and England, in order to make the intention clear and to remove ambiguity as far as possible.

CALCUTTA,

The 19th August, 1940.

Notes on clauses.

Clause 1.—The Bengal Food Adulteration Act, 1919 (Bengal Act VI of 1919) does not extend to Calcutta. The present Bill extends to the whole of Bengal, but the Provincial Government is given power to bring it into force, either wholly or in part, in such areas, on such dates and in respect of such articles of food as may be thought fit. The provisions of this clause should be read in conjunction with the provisions of clause 36.

Clause 3.—The definition of "adulterated" is based on that which appears in section 3 of the Calcutta Municipal Act (Bengal Act III of 1923). The definitions of "container", "food" and "transit" are based on similar definitions in the Food and Drugs Act, 1938 (1 & 2 Geo. 6, Ch. 56). The definition of "dairy" is taken from the Calcutta Municipal Act, 1923. The definition of "sale" is based upon that which appears in section 3 of the Punjab Pure Food Act, 1929.

Clause 4 corresponds to section 3 of the Bengal Food Adulteration Act, 1919, with certain additional provisions which are parallel to those of section 66, Food and Drugs Act, 1938.

Clause 5 corresponds to section 4, Bengal Food Adulteration Act, 1919, with the addition, in sub-clause (3), of a provision on the lines of section 3 (*2*), Food and Drugs Act, 1938.

Clauses 6 and 7 follow the lines of sections 5 and 6, Bengal Food Adulteration Act, 1919. Numerous drafting improvements have been introduced, and certain additional provisions have been taken from section 4, Food and Drugs Act, 1938.

Clause 8 corresponds to clause 7, Bengal Food Adulteration Act, 1919, with certain drafting changes.

Clause 9.—This clause is modelled on sections 412 and 421 of the Calcutta Municipal Act, 1923, and the Bengal Municipal Act, 1932, respectively.

Clause 10 is based on section 6 (*1*), Food and Drugs Act, 1938.

Clause 11.—Precedents for the provisions of this clause will be found in section 6 (*2*) of the Madras Prevention of Adulteration Act, 1918, sections 5 (*2*) and 6 of the Central Provinces Prevention of Adulteration Act, 1919, sections 4 (*3*) and 4 (*4*) (*a*) of the Bombay Prevention of Adulteration Act, 1925, and section 84 of the Food and Drugs Act, 1938.

Clause 12.—Sections 17A to 17D of the Bombay Prevention of Adulteration Act, 1925, provide for the licensing of certain places used for the wholesale sale or supply of certain perishable articles of food. Section 14 of the Food and Drugs Act, 1938, provides for the registration of premises used for the manufacture or sale of ice-cream or pickled, potted, pressed or preserved foods. This clause makes provision for the registration of all such premises.

Clause 13 is based on the provisions of section 16 (*1*), Food and Drugs Act, 1938.

Clause 14 introduces a new and desirable principle. It is not possible to provide that food shall be sold only from enclosed rooms, but power is conferred upon the Provincial Government to direct that certain specified foods shall only be sold from covered containers.

Clause 15 is based on the provisions of section 13 (*1*), Food and Drugs Act, 1938.

Clause 16 follows the lines of section 384, Bengal Municipal Act, 1932.

Clause 17 is based on section 15 (*1*), Food and Drugs Act, 1938.

Clause 18 is based on section 434, Bengal, Municipal Act, 1932.

Clauses 19-21 are redrafts of sections 9-11, Bengal Food Adulteration Act, 1919. Section 70, Food and Drugs Act, 1938, may be seen in this connection.

Clauses 22 and 23 repeat, in redrafted form, the provisions of section 14, Bengal Food Aulteration Act, 1919.

Clause 24 is based on section 74, Food and Drugs Act, 1938.

Clause 25 makes special provision, not merely for the authorization of persons, but also for the appointment of Inspectors, for the proper administration of the provisions of the Bill.

Clauses 26-28 are elaborations of sections 12 and 13, Bengal Food Adulteration Act, 1919. Section 77 (*1*), Food and Drugs Act, 1938, may be seen in this connection.

Clause 29 is an elaboration of sections 15 and 17, Bengal Food Adulteration Act, 1919.

Clauses 30 and 31 correspond to sections 16 and 19, Bengal Food Adulteration Act, 1919.

Clause 32 is the usual indemnity clause, and finds parallels in section 18 of the Bombay Prevention of Adulteration Act, 1925, and section 94 (*1*), Food and Drugs Act, 1938.

Clause 33 follows the lines of section 21, Bengal Food Adulteration Act, 1919, with the additional penalties, required by the introduction of numerous new provisions in this Bill.

Clause 34 inserts a new provision for the payment of the costs of analysis, examination and prosecutions.

Clause 35 follows the lines of section 93, Food and Drugs Act, 1938.

Clause 36 makes it clear that the provisions of this Bill will override the provisions of the Calcutta Municipal Act, 1923, and the Bengal Municipal Act, 1932, relating to the control of food, if any inconsistency occurs. It also confers power upon the Provincial Government to remove difficulties in this connection. As regards sub-clause (*1*), the provisions of section 107 (*1*), Government of India Act, 1935 (26, Geo. 5, Ch. 2) may be seen. Sub-clause (*2*) is based on section 44, Calcutta Municipal Act, 1923.

Clause 37 corresponds to section 20, Bengal Food Adulteration Act, 1919, with certain consequential additions.

The Schedule corresponds to the Schedule to the Bengal Food Adulteration Act, 1919, with certain minor drafting changes.

THE BENGAL VILLAGE SELF-GOVERNMENT (AMENDMENT) BILL, 1940.

A

BILL

to amend the Bengal Village Self-Government Act, 1919.

WHEREAS it is expedient to amend the Bengal Village Self-Government Act for the purpose of investing the union boards with the power of undertaking small drainage projects for improvement of agriculture within the union;

It is hereby enacted as follows:—

Short title and commencement.

1. (*1*) This Act may be called the Bengal Village Self-Government (Amendment) Act, 1940.

(*2*) It shall come into force on such date as the Provincial Government may by notification in the official Gazette appoint.

Amendment of section 31 of Bengal Act V of 1919.

2. In clause (*g*) of section 31 of the Bengal Village Self-Government Act, 1919, after the word "irrigation" the words "and small drainage projects for agricultural improvement" shall be added.

STATEMENT OF OBJECTS AND REASONS.

The Bengal Village Self-Government Act, 1919, has made no provision for agricultural improvement. It is with this intention that the Bill has been brought by the mover.

(*2*) The Collector shall thereupon make such inquiry as he thinks fit and if he decides—

(*a*) that the landlord is a petty landlord and that he has been cultivating such holding or portion as mentioned in clause (*a*) of sub-section (*1*), he shall—

(*i*) where the entire holding or portion sold is being so cultivated, dismiss the application;

(*ii*) where only a part of such holding or portion is being so cultivated, reject the application in so far as it relates to such part and order that the application shall proceed with respect to the remaining part of the holding or portion;

(*b*) that such building, structure or garden is of such a value that the restoration of the land covered by such building, structure or garden will be unfair, he shall—

(Clauses 7, 8.)

(*ii*) if such building, structure or garden covers only a part of such holding or portion, reject the application in so far as it relates to the site of such building, structure or garden and the lands immediately appurtenant thereto and necessary for its enjoyment, and order that the application shall proceed with respect to the remaining part of the holding or portion sold;

(*c*) that the landlord has excavated any tank, he shall—

(*i*) if such tank covers the entire holding or portion sold, dismiss the application;

(*ii*) if such tank covers only a part of such holding or portion, reject the application in so far as it relates to the site of such tank and the lands immediately appurtenant thereto and necessary for its enjoyment, and order that the application shall proceed with respect to the remaining part of the holding or portion sold;

(*d*) that such third person is in possession on his own behalf or on behalf of some person other than the landlord under a settlement mentioned in clause (*d*) of sub-section (*1*)—

(*i*) of the entire holding or portion sold, he shall dismiss the application;

(*ii*) of a part of such holding or portion, he shall reject the application in so far as it relates to such part and order that the application shall proceed with respect to the remaining part of the holding or portion:

Procedure if application is not dismissed.

8. (*1*) If an application made by a *raiyat* under section 3 is not rejected under section 4 or dismissed under sub-section (*2*) of section 6, the Collector shall—

(*a*) determine the land which is liable to be restored to the *raiyat* under the provisions of this Act;

(*b*) determine the amount which shall be payable by the *raiyat* for the restoration to him of such land; provided that such amount shall—

(*i*) in the case of an entire holding or, if only a portion of a holding was sold, in the case of the whole of such portion, be a sum equal to the entire amount, if any, which the *raiyat* or any person having a claim against the *raiyat* may have withdrawn, out of the proceeds of the sale of such holding or portion, and fifty *per centum* of the aggregate of the amount mentioned in the sale proclamation for the realisation of which the holding or portion was sold and of the amount of costs necessarily incurred by the landlord in connection with his application for delivery of possession; and

The Bengal Restoration of Landlords' Auction Purchased Lands Bill, 1940.

(Clauses 9, 10.)

(*ii*) in the case of portion of a holding, if the entire holding was sold, or a part of a portion, if only a portion of the holding was sold, be such part of the sum mentioned in sub-clause (*1*) as the Collector may deem fair and equitable after considering all the circumstances of the case including the value of the entire land sold and of the portion to be restored ;

(*c*) ascertain whether the *raiyat* desires to deposit the amount mentioned in clause (*b*) in one lump sum or in instalments ;

(*d*) if the *raiyat* desires to deposit or pay the said amount in instalments, determine, having regard to the means and circumstances of the *raiyat*, the number and amount of such instalments which shall not in any event extend over a period exceeding five years ; and

(*e*) order that the *raiyat* shall be put in possession of such land—

(*i*) if the amount determined under clause (*b*) is payable in one lump sum, after the *raiyat* has deposited with the Collector such lump sum ; and

(*ii*) if the said amount is payable in instalments, as soon as possible after the *raiyat* has deposited with the Collector the amount of the first instalment.

(*2*) When the Collector passes an order under clause (*e*) of sub-section (*1*), he shall on the *raiyat's* application deliver possession of the land mentioned in such order—

(*a*) in the case mentioned in sub-clause (*i*) of clause (*e*) of sub-section (*1*), as soon as possible after the *raiyat* has deposited with the Collector the sum mentioned in the said sub-clause ; and

(*b*) in the case mentioned in sub-clause (*ii*) of clause (*e*) of the said sub-section, as soon as possible after the *raiyat* has deposited with the Collector the amount referred to in the said sub-clause.

(*3*) If the *raiyat* is unable to pay the sum as determined under clause (*b*) of sub-section (*1*) of this section, the Collector on application made to him by the *raiyat* to this effect shall set apart for the landlord such portion of the land sold as is sufficient to cover the said sum and shall order restoration and delivery of possession of the remaining land to him.

Payment of sums to landlords.

9. (*1*) When the Collector makes an order that any sum payable by a *raiyat* to a landlord under any of the provisions of this Act, may be paid by instalments, such instalments may at the option of the *raiyat* be deposited with the Collector or sent by money order to the landlord.

(*2*) Any sum deposited with the Collector by a *raiyat* under this Act, as the amount payable to the landlord, shall be paid by the Collector to such landlord.

Determination of plots to be restored and the rent payable by *raiyat*.

10. When the Collector directs under any of the provisions of this Act, that only a part of the holding or portion sold shall be restored to the *raiyat*, he shall—

(*a*) if the *raiyat* and the landlord of such holding do not agree as regards the specific plots to be restored, determine the plots which shall be restored to the *raiyat*, and

The Bengal Restoration of Landlords' Auction Purchased Lands Bill, 1940.

(Clauses 11—13.)

(*b*) determine the rent which shall be payable by the *raiyat* for such portion of the holding, and the *raiyat* shall be liable to pay the same to the landlord.

Application of dispossession to the Collector.

11. (*1*) Where a person claiming to be in possession of a holding or portion of a holding as mentioned in clause (*d*) of sub-section (*1*) of section 6 is dispossessed as a result of any delivery of possession made under sub-section (*2*) of section 8, he may, within two weeks from the date on which he is dispossessed, make an application to the Collector complaining of such dispossession.

(*2*) Upon the receipt of an application made under sub-section (*1*) the Collector shall fix a date for investigating the matter and shall summon the party against whom the application is made to appear and answer the same.

(*3*) If the Collector, after making such inquiry as he thinks fit, is satisfied that the applicant was in possession of the holding or portion as mentioned in clause (*d*) of sub-section (*1*) of section 6, and had no notice of the proceeding in which the order for delivery of possession was passed, he shall direct that the applicant be put in possession of the said holding or portion.

Rights of *raiyats* on restoration.

12. Notwithstanding anything to the contrary contained in any other law or in anything having the force of law or in any custom, when any land is restored to a *raiyat* under the provisions of this Act—

(*a*) any simple mortgage or charge created by the landlord in respect of such land or any portion thereof shall not be binding on the *raiyat*; and

(*b*) all such rights as the *raiyat* had in respect of the said land and the incidents thereof before its sale shall revive.

Ejectment of *raiyats* for failure to pay instalments.

13. (*1*) If a *raiyat*, who has been restored to the possession of his holding or portion of his holding in pursuance of an order under sub-clause (*ii*) of clause (*e*) of sub-section (*1*) of section 8, fails to deposit with the Collector or send to the landlord by money order during a period of two consecutive years, the instalments fixed under clause (*d*) of sub-section (*1*) of section 8, the landlord may make an application to the Collector for the restoration to him of the said holding or portion.

(*2*) On the receipt of an application under sub-section (*1*), the Collector shall fix a date for the hearing of the application which, in the case referred to in the proviso to sub-section (*3*), shall not be less than six weeks from the date of the notice, and shall give notice, to the *raiyat* of the date so fixed and send along with such notice a copy of the application.

(*3*) On the date fixed for the hearing of the application, the Collector shall hear the parties and shall make such enquiry as he thinks fit and shall, if he is satisfied that the *raiyat* has failed to deposit with the Collector or send to the landlord by money order such instalments during a period of two consecutive years, pass an order directing that the *raiyat* shall be ejected from the land and that the landlord shall be put in possession thereof, or shall, if he is satisfied that the raiyat has not failed to deposit the instalments or send them by money order, dismiss the application :

Provided that if the instalments in arrears relate to the last two years of the period during which the instalments fixed by the Collector under clause (*d*) of sub-section (*1*) of section 8 were payable, the *raiyats* shall not be ejected from the land if he deposits with the Collector the total

amount of the instalments in arrears together with compensation at the rate of five *per centum* of such total amount within a period of thirty days from the date of the service on the *raiyat* of the notice mentioned in sub-section (*2*).

(*4*) When an order for the ejectment of a *raiyat* has been passed under sub-section (*3*), the Collector shall, as soon as possible after the date of such order, put the landlord in possession of such holding or portion.

(*5*) Notwithstanding anything to the contrary contained in any other law where a landlord is put in possession of any land under sub-section (*4*), any encumbrance created on such land or any portion thereof by the *raiyat* shall not be binding on such landlord.

(*6*) Notwithstanding anything to the contrary contained in any other law, when a *raiyat* has been ejected from any holding or portion of a holding under this section, he shall not be entitled to make an application to the Collector or institute any suit in any court for a refund of any sum deposited by him with the Collector as an amount payable to the landlord under any of the provisions of this Act or any sum sent by such *raiyat* to the landlord under sub-section (*1*) of section 9.

Distraint for arrears of rent.

14. (*1*) If the rent of a holding or portion of a holding restored to a *raiyat* in pursuance of an order under sub-clause (*ii*) of clause (*e*) of sub-section (*1*) or sub-section (*3*) of section 8 falls into arrear while any of the instalments payable by the *raiyat* under clause (*d*) of the said sub-section (*1*) remains unpaid, the landlord may, in addition to any remedy provided by law for the recovery of such arrears, apply to the Collector for the recovery of such arrears by distraining while in the possession of the cultivator—

(*a*) any crops or other products of the earth standing or ungathered on the holding ;

(*b*) any crops or other products of the earth which have been grown on the holding and reaped or gathered and are deposited on the holding or on a threshing floor or place for treading out grain, or the like, whether in the fields or within a homestead.

(*2*) The Collector shall, in disposing of any application made to him under sub-section (*1*), follow, as far as may be, the procedure laid down in the Bengal Tenancy Act, 1885.

Finality of orders.

15. Every order passed by the Collector under this Act shall be final and no civil court shall entertain any suit or application to vary or set aside any decision or order given or passed under this Act.

Costs of proceedings.

16. The Collector shall have power to award costs to any party to any proceeding under this Act, and any sum ordered to be paid as costs shall be recoverable from the party by whom it is payable as a public demand under the Bengal Public Demands Recovery Act, 1913.

Collector to be vested with certain powers under Code of Civil Procedure, 1908.

17. (*1*) The Collector, when acting under any of the provisions of this Act, shall have the same powers as are vested in a court under the Code of Civil Procedure, 1908, in respect of enforcing the attendance of any person or examining him on oath or affirmation and compelling the production of documents.

The Bengal Restoration of Landlords' Auction Purchased Lands Bill, 1940.

(Clause 18.)

(2) The Collector may delegate all or any of his powers under this Act to such person as he thinks fit and such person shall thereupon be deemed to be a Collector for the purposes of this Act.

Power to make rules.

18. (1) The Provincial Government may make rules for the purpose of carrying out the provisions of this Act.

(2) In particular and without prejudice to the generality of the foregoing power, the Provincial Government may make rules to prescribe—

(a) the form of any application under this Act and the particulars to be contained in such application; and

(b) the form of any notice required to be served under this Act and the manner in which such notice shall be served.

STATEMENT OF OBJECTS AND REASONS.

It is known to all that on account of the inability of the tenantry to pay the arrears of rent by reason of the unprecedented fall in agricultural prices numerous *raiyati*-holdings in this Province were sold in auction between the 1st day of January, 1930, and the 31st day of December, 1938, and were purchased and taken to *khas* possession by the landlords. Moreover, many landlords took advantage of the delay in the establishment of Debt Settlement Boards and caused many holdings to be sold for arrears of rent before the establishment of the aforesaid Boards. This has brought untold misery among the cultivators of this vast agricultural Province where they are living from generation to generation. As a general cry has already been raised amonst the agriculturists for the restoration of these auction purchased lands to the former tenants, these auction purchased lands should be restored to the former tenants for the interest of public order and tranquillity in the country as has been done in Bihar. The Bill has been drafted almost on the lines of the Bihar Act which was passed in 1938. The principal feature of this Bill is that it has made provision for such restoration on condition of repayment by the *raiyats* of a considerable portion of landlords' decretal demands on instalments spread over a period of five years. Other provisions are more or less consequential.

THE BENGAL WAKF (AMENDMENT) BILL, 1940.

A
BILL

to amend the Bengal Wakf Act, 1934.

2. After section 18 of the Bengal Wakf Act, 1934, the following proviso shall be added:—

"provided that it shall not exceed Rs. 1,000 per mensem."

3. After section 23 of the Bengal Wakf Act, 1934, the following proviso shall be added:—

(*a*) Whether Panjaganah or Jumah.

(*b*) Average attendance at Panjaganah and Jumah.

(*c*) Approximate area or number of houses or adult inhabitants served.

(*d*) Whether any muktab, madrasah or library attached to it or not.

(*e*) Distance from nearest mosque or mosques.

(*f*) How and by whom maintained?

"For covering the expenditure of the headquarters 10 per cent. of the obligatory alms (Sadaqa-i-Wajibah) locally collected shall be remitted to the Board of Wakfs."

7. After sub-section (*5*) of section 59 of the Bengal Wakf Act, 1934, the following sub-section shall be added:—

"(*6*) The Board of Wakfs shall collect and distribute locally through the agency of the local Mosque Committees, the Zakats, Fitras, and the hides of Kurbani or the prices thereof strictly in accordance with the Shariat Law: Provided that under exceptional circumstances it might be sent outside the area of collection."

8. In place of "Wakf Fund" in sub-section (*1*) of section 61 and all the succeeding sections of the Bengal Wakf Act, 1934, Baitulmal Fund shall be substituted.

9. After sub-section (*2*) of section 62 of the Bengal Wakf Act, 1934, the following shall be added:—

"And for the economic, educational and religious uplift of the Muslim Community."

STATEMENT OF OBJECTS AND REASONS.

Doubts have been raised by some ulama regarding the legality and validity according to the strict Shariat Law, of taxing the Wakf Estates against the intention and interest of the original founders (Wakifs) under the Bengal Wakf Act, 1934, but at the same time for the proper management of the Wakf Estates some sort of supervision and control over the Mutwallis is necessary on account of their mismanagement and misappropriation in some cases and funds are required for that purpose. These funds may be obtained from some portions of the obligatory alms (Sadaqat-i-Wajibah) which are at present much misused and as the Provincial Legislature is not competent to tax the money income of the Mutwalli's share of the Wakf Estates, the Federal Government should be approached to delegate to the Provincial Legislature the authority to tax 10 per cent. of this net income of the Mutwallis out of their shares of the Wakf Estates ; and pending that the Local Government should make up the deficiency, if any.

Furthermore, as Wakfs, Mosques, Zakats, Fitras, the prices of the hides of Kurbani and all other obligatory alms (Sadaqa-i-Wajibah) are akin matters appertaining to Muslim Community alone and are governed by the Shariat Law, so all these should be administered under the same Act and by the same department with minimum cost and maximum efficiency.

Therefore, in order to make the Bengal Wakf Act, 1934, all comprehensive it is proposed to amend it by additions and modifications.

RESOLUTION.

Reports from the Commissioners of Divisions on the working of the municipalities in Bengal (except Calcutta) during 1938-39.

1. **Constitution and Boundaries.**—The number of municipalities remained the same (118) as in the preceding year and the only changes made in their boundaries were local variations in Serampur, Arambagh, Bhatpara and Pabna.

The Municipal Board of Rajpur in the district of the 24-Parganas, which had been superseded in the year 1936-37, was duly reconstituted towards the close of the year under review after the expiry of the period of its supersession.

2. **Elections.**—General elections were held in 26 municipalities and aroused a fair measure of interest in most of them. In the small town of Baruipur, 96 per cent. of the voters in one ward attended the polling station; and in 30 wards of other municipalities more than 80 per cent. of the voters recorded their votes. The female voters evinced an increasing interest in the election proceedings. In one ward of the Kotrung municipality, more than 81 per cent. of the female voters exercised their franchise, while in some wards of the South Suburban, Rajpur, Jaynagar-Majilpore, Nabadwip

and Santipur municipalities, the percentage of attendance of female voters was actually higher than that of male voters.

The enthusiasm shown at the time of the elections does not, however, necessarily indicate a corresponding sense of civic responsibility. Municipal administration is still unfortunately looked upon as a means of strengthening political parties and far greater keenness is often shown in securing the position of a municipal commissioner than in the discharge of the duties and responsibilities appertaining to that office.

3. **Meetings.**—Taking all the municipalities of the Province as a whole, the municipal commissioners met altogether on 3,027 occasions, found themselves short of a quorum on 126 of these occasions and adjourned no less than 273 of the meetings. Rajshahi held the largest number of meetings, viz., 60, which however, included 12 adjournments and was followed in this respect by Burdwan and Garden Reach with 56 meetings each, including 12 adjourned and 2 abortive sittings in the case of the former and 6 adjournments in that of the latter. An excessive number of meetings held within a year by a municipality above the minimum of 12 required by the statute does not, however, always afford an indication of the degree of real interest in civic affairs; but is often the result of the existence of party factions or lack of method in the disposal of business. Three municipalities, viz., Rajpur, Baduria and Kanchrapara, on the other hand, failed to fulfil even the statutory requirement of one meeting per month. The smallest number of meetings, viz., 5, held at Rajpur was, however, due to the fact that the municipal board remained superseded till the last month of the year under review.

The attendance of commissioners at meetings was, on the whole, satisfactory, being over 50 per cent. in all but 7 municipalities. The average percentage of attendance was again lowest (viz., 34) in Joynagar-Majilpore, which appears to indicate that the commissioners of this municipality were not taking sufficient interest in its affairs.

4. **Population and Ratepayers.**—The state of municipal administration in this province cannot be viewed in its proper perspective without taking account of the fact that the total population of the municipal towns (outside Calcutta), most of which include quasi-rural areas, was only 2,351,407, or 4·7 per cent. of the total population of the province according to the last census, and that, of this urban population, only 387,700, or about 16·5 per cent., were ratepayers. In no less than 13 municipalities, the rates were paid by less than one tenth of the population of the town; but the majority of these cases were of a somewhat exceptional character, nine of them being industrial towns with a floating labour population and two being the hill municipalities of Darjeeling and Kurseong.

5. **Rates and taxes.**—The burden of municipal taxation is still far from excessive. It is significant of the lightness of the burden imposed by municipal rates that the average incidence per head of urban population for the province as a whole was only Rs. 3-7-11 (as against Rs. 3-6-4 in the preceding year), that with the solitary exception of Darjeeling, in no other town did it reach the figure of Rs. 10 per head, and that in no less than nineteen of the petty boroughs the incidence was actually below Re. 1 per head. Nevertheless, it is pleasing to note that the total receipts from the municipal rates and taxes (Rs. 82·23 lakhs) showed an increase of about Rs. 2.35 lakhs as compared with the previous year. General or partial revision of assessment was made in a number of municipalities and accounted for a net increase of Rs. 89,000 in the current municipal demand of the Presidency as a whole.

6. **Collections.**—The total collection of rates increased from Rs. 76·62 lakhs to Rs. 79·66 lakhs and the ratio of current collection to the current demand also rose from 75·8 to 77·8 per cent., while the percentages of the arrear collection on the arrear demand and of the total collection on the total demand increased from 36·1 to 37·4 and from 64·7 to 66·4, respectively.

The municipalities of Bhadreswar, Garulia, Bhatpara and Nalchiti again distinguished themselves by collecting nearly the whole of their total demands. The collections exceeded 90 per cent. of the total demands in 16 municipalities

(three of them, viz., Tamluk, Champdany and Narayanganj, collecting more than 95 per cent.), and were over 80 per cent. in 14 others. Nine municipalities, on the other hand, failed to collect even one half of their arrear and current demands, the Rajpur municipality again bringing up the rear with a collection of only 30 per cent. of its total demand.

There was a welcome decrease in the amount of the total remissions which fell from Rs. 8·52 lakhs to Rs. 6·13 lakhs, representing 5·1 per cent. of the total demand as against 7·2 per cent. in the preceding year; but there was not much improvement in the position regarding the outstanding arrears which increased by a little over a lakh of rupees to Rs. 34·24 lakhs and represented nearly 40 per cent. of the current, and 28·5 per cent. of the total municipal demand.

The Howrah municipality again had the largest outstanding balance, viz., Rs. 11,76,455 (as against Rs. 11,81,473 in the preceding year), even after having granted remissions to the extent of Rs. 1,64,542. Other municipalities with noticably large outstanding balances were Dacca (Rs. 1,98,315), Mymensingh (Rs. 1,37,679), Tollygunge (Rs. 1,28,301), Hooghly-Chinsurah (Rs. 1,14,398), South Suburban (Rs. 94,404) and Garden Reach (Rs. 89,169). In several other municipalities, considerable portions of the annual demands were left unrealised, the worst records in this respect being those of Rajpur and Madaripur where the outstanding balance represented 140 and 104 per cent., respectively, of their current demands.

7. **Income and expenditure.**—The total receipts of the municipalities, including opening balances, fell from Rs. 144·2 lakhs to Rs. 142·8 lakhs and the total disbursements from Rs. 119·5 lakhs to Rs. 118·2 lakhs; while the total balances remained practically stationary at Rs. 24 lakhs. These figures are not by themselves of much value without detailed analysis; but a fair measure of the low standard of municipal activities outside Calcutta may be gathered from the fact that the average incidence of municipal income (excluding loans and opening balances) per head of population in all the municipalities, including such important towns as Howrah and Dacca, was only Rs. 4·4 as compared with Rs. 20·6 in Calcutta and that their expenditure was approximately Rs. 5 per head of urban population as against 4·6 times this ratio in the metropolis.

Several municipalities failed to maintain even the prescribed balances and in a large number of cases the balances left were quite insufficient to meet the outstanding liabilities.

8. **Education.**—The total expenditure on education, including the Government grant of Rs. 1·61 lakhs, increased from Rs. 7·31 lakhs to Rs. 7·84 lakhs. The expenditure on primary education also rose by about Rs. 69,000 to Rs. 5·84 lakhs and represented 5·6 per cent. of the total ordinary income, as against 5·2 per cent. in the preceding year. The average *per capita* expenditure on the education of all children of primary school-going age within the municipalities amounted to Rs. 2-1-1 against Rs. 1-13-2 in 1937-38.

Howrah, as usual spent the largest amount, viz., Rs. 78,953 (of which Rs. 63,670 was from the municipal fund alone) but this still represented only 4 per cent. of its total ordinary income and a *per capita* expenditure of Rs. 2-14-9 on children of primary school-going age.

The municipalities of Chittagong and Darjeeling maintained their high standard of expenditure on primary education by spending as much as Rs. 8-12-5 and Rs. 7-11-5, respectively, per child of primary school-going age and they were followed in this respect by Budge Budge and Garden Reach with a *per capita* expenditure of Rs. 6-14-0 and Rs. 6-5-11, respectively.

The *per capita* expenditure on primary education was over 4 rupees in three municipalities (viz., Chandpur, Kurseong and Gaibandha) and over 3 rupees in six, while the ratio was below 8 annas per head in 13 municipalities, being the lowest (viz., 3 as. 6 p.) in Netrokona and Sherpur (Mymensingh). In ten municipalities, as compared with six in the preceding year, the expenditure on primary education was below the prescribed ratio of 3·2 per cent. of their ordinary income. The ratio was, however, over 10 per cent. in 31 municipalities and over 20 in 7, the highest ratios being at

Chandpur and Chittagong where the municipal commissioners devoted as much as 42·9 and 36·7 per cent., respectively, of their ordinary income to the cause of primary education. The Commissioner of the Chittagong Division has, however, pointed out that this disproportionately large expenditure on education was a heavy burden on municipal finances and tended to deprive the ratepayers of other amenities of life which it is the duty of the municipal commissioners to provide. While fully appreciating the value and importance of the work of these municipalities in the campaign against illiteracy, Government cannot help observing that such a disproportionate diversion of effort and resources is not likely to secure a maximum measure of social benefit, which can only be achieved by a judicious distribution of funds among the various legitimate objectives of municipal self-government in proportion to their relative urgency and importance, and it is hoped that municipal authorities will generally aim at regulating their expenditure in accordance with a carefully planned and balanced programme of work.

9. **Water-supply.**—The total outlay on urban water-supply (Rs. 13·76 lakhs) represented a decrease of about a lakh of rupees as compared with the previous year; the decrease was due to a fall in the expenditure on original works. There was a net increase of Rs. 46,116 in the expenditure under this head in the Burdwn Division owing chiefly to larger expenditure by the Hooghly-Chinsurah municipality on the extension and improvement of its waterworks. The Serampore municipality received a further loan of Rs. 32,000 for its independent water-supply scheme and the municipal commissioners advanced a sum of Rs. 20,000 to the Public Health Department for taking up the work. A project for an adequate supply of drinking water in the Bally municipality was prepared and submitted to Government for sanction with a request for a loan.

The reduction of the total expenditure in the Presidency Division, which fell by about Rs. 2·41 lakhs to Rs. 4·47 lakhs, was mainly due to smaller expenditure on the Baranagore-Kamarhaty joint water-supply scheme which was completed during the year under review. The expenditure on water-supply also fell appreciably in Khulna (Rs. 27,197) owing to no capital expenditure having been incurred on the municipal water-supply extension scheme. There was also a fall in expenditure in Garden Reach (Rs. 12,781) and Budge Budge (Rs. 4,472), but there was noticeable increase in expenditure in Halisahar (Rs. 47,971), Bhatpara (Rs. 8,715) and Dum Dum (Rs. 4,873). Among other municipalities which spent comparatively large amounts on water-supply than in the preceding year were Dacca (Rs. 9,130), Narayanganj (Rs. 18,471), Comilla (Rs. 21,741), Chittagong (Rs. 8,494) and Chandpur (Rs. 13,965). The last-named municipality encountered serious trouble with its water-supply system owing to the salinity of the river Dakatia, which is the source of supply, during certain periods of the year. The Darjeeling municipality carried out the lining of the Senchal Lakes with granite at a cost of about a lakh of rupees.

10. **Conservancy.**—The expenditure on conservancy fell from Rs. 24·85 lakhs to Rs. 24·23 lakhs but it was still considerably in excess of the receipt from the conservancy rate, the deficit being met, as usual, from the general fund.

No aspect of the municipal finances probably presents a more unfavourable spectacle than this inveterate tendency to debit to the general fund the cost on account of conservancy which should normally be met from the proceeds of the special rate designed for the purpose. The extent of this drain on the general fund amounted to about Rs. 5½ lakhs, or nearly 22·5 per cent. of the total expenditure on conservancy and, in spite of repeated warnings from Government from year to year, the municipal authorities, with a few exceptions, appear to be quite content to see the funds for general urban well-being curtailed rather than levy a rate for conservancy so as to meet its full cost.

The Rangpur municipality raised its conservancy rate from 4½ to 6 per cent. with a view to making up the deficit in the conservancy rate fund, but this was done at the cost of a corresponding reduction of the general rate; while the Chittagong municipality was still unable to balance its conservancy fund even after realising the conservancy rate at the maximum figure.

11. **Drainage.**—The total expenditure on drainage rose from Rs. 4·48 lakhs to Rs. 5·06 lakhs of which Rs. 1·92 lakhs represented capital outlay and the balance the cost of establishment, repairs, etc.

The Asansol municipality spent Rs. 76,280 more on capital outlay than in the preceding year in adjusting advances to the Public Health Engineering Department for the sewerage scheme, while an increased expenditure of Rs. 12,550 in Dacca was due to the completion of the greater part of the additional surface drainage scheme. The Darjeeling municipality undertook some original drainage works, including the installation of new sewer mains in certain important roads.

Drainage is an urgent problem in a large number of municipalities but financial difficulties have generally stood in the way of their undertaking complete and effective schemes for the purpose.

12. **Lighting.**—The expenditure on lighting also declined by about Rs. 27,000 to Rs. 9·12 lakhs.

There was, however, a net increase of about Rs. 1,18,000 in the expenditure on lighting in the Rajshahi Division which was shared by eight municipalities, viz., Rajshahi, Nator, Jalpaiguri, Rangpur, Gaibandha, Pabna, English Bazar and Darjeeling. The last-named municipality spent Rs. 1,43,000 on capital works including the installation of 200 K. W. Diesel Oil engine plant. There was also a net increase of about Rs. 54,000 in the Burdwan Division for which Howrah, with an additional expenditure of Rs. 49,000, was mainly responsible.

A large number of municipal towns in the Presidency continued to be lit with electric lights which have greatly added to their amenities. Electric lighting, which had been discontinued for some time, was restored in the streets of the Burdwan municipality, while proposals for the introduction of electric lights in the streets of Bankura and Bansberia engaged the attention of the municipal commissioners during the year under review.

13. **Public Health.**—It is pleasing to note that, in spite of the financial stringency which hampered most of them, the municipal authorities generally showed increasing interest and energy in undertaking measures for the improvement of public health and, in particular, for the prevention and control of epidemics. The charges on account of the municipal health officers and sanitary inspectors increased from Rs. 2·32 lakhs to Rs. 2·43 lakhs, while the total expenditure on hospitals and dispensaries and on other sanitary measures also rose from Rs. 4·48 lakhs to Rs. 4·76 lakhs and from Rs. 1·38 lakhs to Rs. 1·49 lakhs, respectively.

Cholera and small-pox broke out in an epidemic form in a few municipalities but were, generally speaking, brought under control by the timely adoption of preventive measures. Sporadic cases of cholera and small-pox occurred, as usual, in a number of towns and were generally promptly dealt with by the municipal authorities. There was an outbreak of epidemic dropsy in the Berhampore municipality which was believed to have been due to the use of adulterated mustard oil. The use of such oil was forbidden and the dealers selling it were prosecuted.

Most of the municipalities maintained a permanent staff of vaccinators and free vaccinations were given, as usual, at fixed stations and also at the houses of the rate-payers.

An isolation ward for small-pox was erected by the Rangpur municipality with the help of contributions received from His Majesty's Silver Jubilee Fund as well as from donations from other sources.

Anti-malarial measures on approved scientific lines were adopted by a number of municipalities. At Arambagh (in the district of Hooghly), which is notoriously a haunt of malaria, 122 tanks and *dobas*, which were the breeding places of mosquitoes, were treated with *paris green* and kerosene and two insanitary *dobas* were filled up completely and two partially. As a result of the anti-malarial works carried out by the Bally municipality in co-operation with the authorities of the East Indian Railway at Lillooah, there was practically no case of malaria during the year under report and the general health of the town was satisfactory. Several municipalities in the Presidency Division are reported

to have made special efforts to combat malaria in co-operation with the local anti-malarial societies. As in previous years, most of the municipal authorities took steps to improve the general sanitation of their towns by cutting down roadside jungles, by disinfecting tanks and ditches and by eradicating water hyacinth and other aquatic vegetation.

Anti-rabic treatment was undertaken as usual in all the municipalities in the district of Nadia with satisfactory results, and the centre for such treatment started previously by the Bally municipality also worked well. The problem of leprosy and tuberculosis engaged the attention of several municipalities. Leper clinics were maintained by the municipalities of Sonamukhi, Krishnagar, Nabadwip and Dacca. The last-named municipality, besides opening a new experimental centre for the treatment of leprosy in its suburbs, treated in all about 594 patients of whom 207 were new cases. As a result of inspection of 1,124 houses, 115 new cases were discovered and the majority of these attended the treatment centres. The Kurseong municipality raised funds for the purpose of establishing a new tuberculosis ward in a scheduled area.

Maternity and child welfare also received due attention in some municipalities. The Nabadwip municipality continued to render valuable service by maintaining a maternity home and orphanage in co-operation with the local Lodging House Committee. The Maternity and Child Welfare Trust at Dacca carried on valuable work for the prevention of infant mortality. The baby clinic and maternity centre at Darjeeling is also reported to have worked satisfactorily, thanks to the keen interest taken by the lady members of the managing committee. Systematic examination of the health of school children was undertaken by the municipalities of Dacca and Barisal. In the former municipality, out of 628 boys in the municipal free primary schools examined during the year, about 8 per cent. showed diseases of the skin and 7 per cent. defective teeth, while the nutritional condition of about 80 per cent. was unsatisfactory. The Chittagong municipality started a new clinic for the treatment of poor children.

The Kurseong municipality opened a children's park and the Darjeeling municipality organised a health exhibition, including a baby show.

The administration of the Food Adulteration Act still appears to have been unsatisfactory and inadequate in the majority of the municipalities. In the Burdwan Division, although there were inspections and prosecutions in several municipalities, no systematic efforts to prevent the sale of adulterated food stuffs appear to have been made except by a few municipalities in the district of Hooghly, viz., Hooghly-Chinsurah, Rishra-Konnagar, Serampore and Arambagh. The administration of the Act, however, appears to have been more vigorous in a number of municipalities in the Presidency and the Dacca Divisions which showed considerable energy in detecting and prosecuting the dealers in unwholesome food stuffs.

14. **Public works.**—The total expenditure on public works fell from Rs. 17·10 lakhs to Rs. 16·30 lakhs owing almost entirely to a decrease of Rs. 93,000 in the expenditure on roads. The total mileages of metalled and unmetalled roads maintained by the municipalities were 1,605·5 and 1,546·3 against 1,548·7 and 1,552·2, respectively, in the preceding year.

The decrease in the expenditure on roads is regrettable in view of the unsatisfactory condition of the municipal roads in this province. It is understood, however, that in some municipalities, the decrease was due either to higher expenditure on the construction or reconstruction of roads incurred in the preceding year or to the receipt of smaller grants from the Motor Vehicles Tax Fund.

15. **Audit of Accounts.**—The accounts of all the municipalities were audited by the Examiner of Local Accounts, Bengal, and his staff during the year under review. Some cases of misappropriation of the municipal fund detected at Midnapore were under investigation by the Municipal Chairman. The tax daroga of the Rishra-Konnagar municipality was found guilty of misconduct in the discharge of his duties and was dismissed by the municipal commissioners. A case of temporary embezzlement by the tax daroga was detected in the Taki

municipality. The amount embezzled was recovered, but the tax-collector, who was criminally prosecuted, was acquitted by the trying court. A serious case of defalcation of municipal money by a rent collector of the Yusuf Market was discovered at Dacca and the culprit was convicted and sentenced to undergo rigorous imprisonment for nine months and to pay a fine of Rs. 1,000. In another case of defalcation which was brought to light at Mymensingh, the Municipal Accountant who was implicated was placed under suspension and prosecuted. Laxity in the observance of the account rules and general lack of supervision on the part of the municipal executives are reported to have facilitated both these cases. A case of misappropriation and fraud in the collection of taxes amounting to Rs. 50 was detected at Rajshahi. The tax collecting sarkar concerned was prosecuted and sentenced to pay a fine of Rs. 200 but, as he failed to pay the fine, he underwent imprisonment for six months.

16. **General Remarks.**—Generally speaking, the reports of the Commissioners of Divisions do not present an encouraging picture. While some of the municipalities, particularly in the Hooghly industrial area and elsewhere, succeeded in attaining a fairly high standard of administration and in providing greater amenities to their ratepayers, the majority appear to have been quite content to follow stereotyped traditions and to have made no real attempt to extricate themselves from the ruts into which they had fallen.
